Thousand Faces:

The Man With A Thousand Faces Lex Noteboom,2025-07-10 A soldier with no name looking for a man that no one has ever seen A student with a past she can't remember And a husband who is a loving father or a ruthless despot Following the death of his twin Daniel Lechkov returns to his homeland for the first time in twenty years His pregnant wife and child want to return home to the West right after the funeral but Daniel faces pressure to succeed his brother as president The former Soviet state of Kazichia has been ruled by the Lechkov family for three generations and now that the throne is empty the country is poised on a knife's edge International powers are hungry to profit from the country's riches and rebel groups are arming at the nation's borders As tensions rise Daniel's wife is strengthened in her conviction that they should flee But then a digital threat insidiously worms its way into Kazichia's telecommunications infrastructure An unknown rebel leader only known as the Man With a Thousand Faces corners the government and threatens a full blown attack All that stands between Kazichia and ruin is Daniel Is he unmerciful enough to lead his country through the crisis And who will he sacrifice to achieve peace In a world where fake news big data and lines between fiction and reality are blurred three people go in search of the truth and the mythical figure driving it all **THE MAN WITH A THOUSAND FACES** **The Monomyth Reboot** Nadia Salem,2023-12-12 In this book Nadia Salem examines and questions the enduring relevance of the monomyth or the hero's journey for storytellers and their audiences Variations of the Hero's Journey in Contemporary British, French and Australian Picture Books about the Great War Martin C. Kerby,Denise Burkhard,Alison Bedford,Marion Gymnich,Margaret M. Baguley,2025-09-30 This book is grounded in the belief that every nation had its own Great War and that children's picture books are an important barometer of each country's national approach To explore the depiction of the Great War in modern Australian British and French children's picture books where this historical event is reimagined in different ways as a futile conflict as a painful victory and as part of one country's founding mythology this book uses the concept of the hero's journey as an underlying framework It claims that this monomythic pattern as developed by Joseph Campbell and modified by Christopher Vogler not only informs all picture books selected for this project but can also be used to highlight the extent to which modern children's picture book authors and illustrators conform to their respective nation's cultural memory It further maintains that the specific historical context of the Great War in these children's picture books can be used to identify a variant of the hero's journey the ordinary soldier's journey This analysis of children's picture books about the Great War through the lens of Campbell's hero's journey will be of interest to both students and researchers in the fields of children's literature literary theory history cultural studies and education A Thousand Faces Florence Seyler Thompson,George W.
