Only Death Can Break Us Apart Michael Rojas, Xia Hongying s wish was simple to live a good peaceful life But people s hearts are unpredictable Her husband was a soldier away from home year round Her sister in law was like a sworn enemy always gloating at her misfortune Her parents in law were biased constantly scheming to make her subsidize the eldest son Her younger sister in law was foolish being played in circles by a scumbag man By the time Huo Nanxun returned from the army bringing back with him a young widow whatever affection she had for him was nearly worn away She once overheard someone ask Huo Nanxun A marriage arranged by a matchmaker does it mean there s no real love His silence at that moment was chilling So Xia Hongying decisively chose divorce Who would have thought Huo Nanxun suddenly lost control trapping her in his arms eyes bloodshot veins bulging Divorce The only way you ll be free of me is if I die He was the strongest special forces soldier under his iron hand everyone who had ever hurt her received retribution He held her in his palm saying My body is yours my heart is yours my salary is yours even if your heart belongs to someone else Only then did Xia Hongying realize he had loved her for ten years yet all along he had mistaken his own elder brother for the man in her heart Mommy The little boy looked up holding a certificate I came first in the whole county again Please don t fight with Daddy okay Xia Hongying picked him up kissed his cheek and then by chance kissed Huo Nanxun as well

[The Logic of Alice](#) Bernard M. Patten, 2010-09-09 Many commentaries have been devoted to Lewis Carroll s masterpiece Alice s Adventures in Wonderland The interpretations range

from Freudian analysis to speculations about the real life people who may have inspired the animal characters In this unique approach to interpreting Alice the fruit of ten years of research Dr Bernard M Patten shows that Charles Lutwidge Dodgson aka Lewis Carroll fused his passion for logic mathematics and games with his love of words and nonsense stories to produce a multifaceted intricately structured work of literature Patten provides a chapter by chapter skeleton key to Alice which meticulously demonstrates how its various episodes reveal Dodgson s profound knowledge of the rules of clear thinking informal and formal logic symbolic logic and human nature As Patten makes clear Alice s Adventures in Wonderland far from being just an entertaining children s book is more complex and deeply reflective of Dodgson s character than it may seem By making an effort to understand its deeper layers both children and adults may profit from this masterful tale by learning to think better and along the way having fun
