Twofisted Science:

The Other Kind of Funnies Han Yu, 2016-12-14 The Other Kind of Funnies refutes the mainstream American cultural assumption that comics have little to do with technical communication that the former are entertaining in a low brow sense and juvenile whereas the latter is practical and serious to the point of stuffiness The first of its kind this book demonstrates the exciting possibilities of using comics in technical communication It defines comics as a medium and art form that includes cartoons comic strips comic books and graphic novels provides conceptual and historical backgrounds on comics and discusses the appeals and challenges of using comics style technical communication More specifically it examines comics style instructions educational materials health risk communication and political propaganda communication The author argues that comics style technical communication encourages reader participation produces covert persuasion facilitates intercultural communication benefits underprivileged audiences such as children and readers of lower literacy and challenges the positivist view of technical communication An abundance of comics style technical communication examples carefully selected from across cultures and times demonstrates the argument While the book proposes that comics can create user friendly visually oriented engaging and socially responsible technical communication it is also quick to acknowledge the limitations and challenges of comics style technical communication and provides heuristics on how to cope with them The Other Kind of Funnies is unique in its interdisciplinary approach It focuses on technical communication but speaks to design cultural and intercultural studies historical studies and to some extent education politics and art

The EC Archives: Two-Fisted Tales Volume 4 Jack Davis, Colin Dawkins, 2019-04-23 Collecting Two Fisted Tales issues 36 41 this volume features in fully remastered digital color the work of comic book greats Jack Davis Colin Dawkins John Putnam Jerry DeFuccio George Evans Reed Crandall and John Severin Foreword by Colleen Coover Before Two Fisted Tales burst onto the scene in 1950 war comics were largely unsophisticated focusing only on action and adventure wartime propaganda essentially But under the editorial direction of Harvey Kurtzman who also penned the majority of the stories therein Two Fisted Tales dared to examine all the horror and madness to be found on the battlefield
