## **Wandering Border:**

*The Wandering Border* Jaan Kaplinski, 1992 The poems in this collection by the author of *The Same Sea in Us All* were written in the 1980s Many of the poems are rooted in the poet's appreciation of the natural and domestic world so that bees washing coal and plum trees give a welcome concreteness to his philosophical meditations

**The Wandering Border** Jaan Kaplinski, 1987 The poems in Jaan Kaplinski's *The Wandering Border* engage with politics nature observation children sadness the senses knowledge the seasons and dreams A substantial collection from a leading European poet essayist anthropologist and translator

**My Neighbour over the Border** Paul Doe, 2021-09-09 How do towns and cities divided by the harsh reality of an international border manage to get on with each other when their closest neighbour lives just next door but in another country Are they thriving or surviving Utterly dependent on each other or with backs turned socially and economically We visit towns and cities that you may not have heard of or know little about Places like distant Blagoveshchensk and Heihe Narva and Ivangorod and Gorlitz and Zgorzelec But also the better known Nicosia Europe's only divided capital Detroit with its Canadian neighbour Windsor Geneva and its French suburb Annemasse and the cities of Sarajevo and Mostar divided not by international borders but ethnic divisions baked into everyday life This is a fascinating and well researched study of thirty six towns and cities from across the world that are separated by borders Paul Doe delves into the way in which these divisions came about and how the separated towns and cities manage to get along or not buffeted as they are by geopolitics ethnic differences and historical animosities

**Deadly Divide** Mary E. Mendoza, 2026-03-17 When most people picture the US Mexico border they think of walls fences concrete and wire But in this first history of how the environment influenced physical boundary making between the two nations Mary E Mendoza focuses on how the natural world shaped ideas about race gender and security In so doing she unearths surprising origins of the modern day immigration debate Mexican migrants have historically been seen by some in the US as invasive and less than human But actual invasive pests are part of this story *Deadly Divide* shows how cattle ticks the body louse foot and mouth disease and the female Mexican fruit fly contributed to the to the ever increasing racialization of Mexican migrants which in turn led to increased policing criminalization and fears about immigrants infiltrating the US As Mendoza follows the stories of migrants in relation to various species Indigenous peoples and officials on both sides of the border she argues that the need for mobility overpowered both governments laws fences and agents At the same time the border's symbolic power became a source of terror not only for migrants who try to cross into the US but for those who feel they cannot cross back making the US a nation that suspends immigrants between two worlds

Brown, 2017-05-04 Language Policy beyond the State invites readers to re consider the ways language policy is constituted taken up and researched if we look within and past the state Contributors to this edited volume draw attention to language policy as always in the making focusing on agency on the ground practices and ideologies The chapters of the book reveal how simultaneous and at times contradicting language policies exist within a state and explore the complex roles played by families businesses educational institutions and media in generating and appropriating these policies By moving away from language policy analysis concerned primarily with how official state policies address well defined language problems some of the contributions of the volume highlight how the problems themselves can be ideological artifacts or are discursively constructed in language ideological debates that are provoked by changes in the geopolitical situation in the region Using qualitative and descriptive research the book uses Estonia as a setting to examine the ways historic and contemporary populations navigate language policies in both local and transnational spaces As a whole the collection speaks eloquently and powerfully to current efforts to understand and map the ways multiple institutions and individuals not just the state play an active role in forming and taking up language policies

**Winter Sea** Alan Ross, 2013-04-18 This is Alan Ross s fourth volume of autobiography following on from *Blindfold Games* *Coastwise Lights* and *After Pusan* *Winter Sea* like his previous volumes is an intriguing mix of memoir poetry and travel writing PN Review Fragmentary and delightfully idiosyncratic *Winter Sea* has a distinctly maritime flavour and the wartime memories recalled after 50 years mostly concern North Sea or Baltic cities The smell of the Baltic Ross writes is a fusion of salt sand dunes pine trees and tar Wherever Ross travels he has a book in his pocket and more often than not his reading is by way of homage to a native poet or writer The symphonic quality of this wistful and at times very moving collection is maintained with a final section of 15 new poems mostly relating to the author s more recent travels *Winter Sea* is a book to savour Alan Ross brings history to life as only a poet can Euan Cameron Independent *Tiger Hound* Ken Welch, 2010-03-17 In 1963 communist insurgency was in it s infancy Then South Vietnam s President was assassinated and it s government was in turmoil Soon America found itself embroiled in war and secret wars The enemy suffered horrible casualties but were handed victory *Trial by Combat* George Neilson, 1890 **Shifting Borders** Walter M. Cummins, 1993 Although their subjects styles and techniques often differ in total these poems make clear the distinctions between the nature of poetry in Eastern Europe and that in the West While several of the languages represented here are limited to a small number of speakers each has a commitment to the central role of poetry in the history of its people and as a source of their unity

**Cricket** Allan Gibson Steel, Robert Henry Lyttelton (Hon.), 1898     The Border Magazine Nicholas Dickson, William Sanderson, 1913     **The Earliest Internationalism** James Henry Breasted, 1919     **The History and Poetry of the Scottish Border** John Veitch, 1878     *Come Hither* Walter De la Mare, 1928     **cricket** a.g. steel and hon r. h. lyttelton, 1888     A New History of Rome from the Earliest Times to the Fall of the Western Empire E.
