## Why Be Moral:

**Why Be Moral?** Beatrix Himmelmann, Robert Louden, 2015-09-25 What reasons do we have to be moral and are these reasons more compelling than the reasons we have to pursue non moral projects Ever since the Sophists first raised this question it has been a focal point of debate *Why be Moral* is a collection of new essays on this fundamental philosophical problem written by an international team of leading scholars in the field

*Why Be Moral?* Beatrix Himmelmann, Robert Louden, 2015-09-25 What reasons do we have to be moral and are these reasons more compelling than the reasons we have to pursue non moral projects Ever since the Sophists first raised this question it has been a focal point of debate *Why be Moral* is a collection of new essays on this fundamental philosophical problem written by an international team of leading scholars in the field

*Why Be Moral?* Yong Huang, 2014-10-07 Yong Huang presents a new way of doing comparative philosophy as he demonstrates the resources for contemporary ethics offered by the Cheng brothers Cheng Hao 1032 1085 and Cheng Yi 1033 1107 canonical neo Confucian philosophers Huang departs from the standard method of Chinese Western comparison which tends to interest those already interested in Chinese philosophy While Western oriented scholars may be excited to learn about Chinese philosophers who have said things similar to what they or their favored philosophers have to say they hardly find anything philosophically new from such comparative work Instead of comparing and contrasting philosophers each chapter of this book discusses a significant topic in Western moral philosophy examines the representative views on this topic in the Western tradition identifies their respective difficulties and discusses how the Cheng brothers have better things to say on the subject Topics discussed include why one should be moral how weakness of will is not possible whether virtue ethics is self centered in what sense the political is also personal how a moral theory can be of an antitheoretical nature and whether moral metaphysics is still possible in this postmodern and postmetaphysical age

**Reasons to be Moral Revisited** Evan Clark Tiffany, Sam Black, 2009 H A Prichard argued that the why should I be moral question is the central subject matter of moral theory Prichard famously claimed to have proved that all efforts to answer that question are doomed Many contributors to this volume of contemporary papers attempt to reconstruct Prichard s argument They claim either explicitly or implicitly that Prichard was mistaken and philosophy can contribute to meaningful engagement with the why be moral question A theme to emerge from these papers is that arguments like Prichard s rely on numerous philosophical presuppositions The volume therefore touches on a wide range of topics and treatments This volume will be useful for advanced undergraduates and specialists working on the foundations of morality and morality s intersection with reason and rationality The detailed introduction enhances the collection s accessibility by providing a detailed exposition of Prichard s renowned thesis that draws on his lesser known mature papers It then carefully situates the volume s contents against that background

*Why Be Moral* Carolyn J. Sweers, 2022-05-08 *Why Be Moral* is a book that grew out of years of experience

of introducing people to issues having to do with morality The assumption on which the book is based is that thinking is essential for a moral life Simply going along with what others think or what one might have been taught is not enough A moral person must think A moral person must take responsibility This is a basic requirement of being human *Morality* James P. Sterba, 2018-05-04 This book invites philosophers and their students to consider two of the most fundamental questions in moral and political philosophy Why be moral And what does morality require Distinguished philosopher James P Sterba presents his unique views on these topics Sterba first argues from rationality to morality and then from morality to substantial equality Prominent scholars Charles W Mills Candace A Vogler Anita Superson Russ Shafer Landau Allan F Gibbard Gerald Gaus and Tibor Machan provide thought provoking critical responses In the final part Sterba addresses these critiques inviting readers to explore the various arguments and reach their own conclusions on these fundamental questions of moral and political philosophy *Morality The Why and What of It* is an essential text for all students and scholars of ethics and political philosophy **Why be Moral?** Archie J.
