A Conflict of Interests With Murderous Intent Sean Maple,2021-07-25 Picking on Terry Driscoll became Justin Simms and his gang's regular sport it had been such a success the first time They had seized the unsuspecting youngster punched and kicked him unmercifully and tried to force his head into the toilet pan while they flushed it He had fought with a vigour that surprised them but in so doing he had only prolonged his own discomfort thus increasing the delight of his tormentors Terry his mum Maureen and Naomi are kidnapped and fear for their lives as the Simms seek revenge for the death of Justin and the incarceration for life of their brutal father Arthur Simms for the murder of a young police officer Will the Simms siblings cruelty and murderous intentions be the end of Terry his mum and Naomi or will they be saved before it is too late When Deadly Force Is Involved Bruce M. Lawlor,2017-03-17 Self defense as a legal concept is easy to describe but difficult to apply Generally a person who is without fault may use reasonable force or defensive force for the purpose of defending one's own life or the lives of others including in certain circumstances the use of deadly force provided there is no reasonable alternative to avoid it When someone begins to parse the words of this description however he or she runs immediately into a maze of self defense laws that appear to be at odds with each other Bruce Lawlor clears up the confusion by identifying the major issues that surface in most self defense cases and by describing how the law has dealt with them historically Its purpose is not to provide legal advice but to illuminate the path that must be taken to decide whether a claim of self defense is valid It examines a variety of issues including the duty to retreat and stand your ground laws what is a deadly threat when is fear of mortal danger reasonable and even what happens when a person mistakenly shoots someone in self defense When Deadly Force Is Involved A Look at the Legal Side of Stand Your Ground Duty to Retreat and Other Questions of Self Defense brings a bit of order to the confusion behind self defense **Justice and the Just War Tradition** Christopher J. Eberle,2016-02-05 Justice and the Just War Tradition articulates a distinctive understanding of the reasons that can justify war of the reasons that cannot justify war and of the role that those reasons should play in the motivational and attitudinal lives of the citizens soldiers and statesmen who participate in war Eberle does so by relying on a robust conception of human worth rights and justice He locates this theoretical account squarely in the Just War Tradition But his account is not merely theoretical Justice and the Just War Tradition has a variety of practical aims one of the most important of which is to serve as an aid to moral formation The hope is that citizens soldiers and statesmen whose emotions and aspirations have been shaped by the Just War Tradition will be able to negotiate violent communal conflict in ways that respect the demands of justice So Justice and the Just War Tradition articulates a theoretically satisfying and practically engaging account of the reasons that count in favor of war Moreover Eberle develops that account by engaging contemporary theorists both philosophical and theological by according due deference to venerable contributors to the Just War Tradition and by integrating insights from military memoir the history of war and the author's experience of teaching ethics at the United States Naval Academy
