**The Eternal Question--** Neil Pinter,1994      **The Eternal Question** Lawrence William Newman,2015-03-01

Approaching the eternal question of God's existence from an agnostic standpoint the author reviews the available scientific evidence and the inherent philosophical questions with the objective of determining an answer      **Does God Exist? : A Journey Through Faith, Reason, Science, and Human Experience** A A ANSARI,2026-01-07

Does God Exist is a thoughtful and accessible exploration of one of humanity's most enduring and profound questions Rooted in the Islamic worldview and guided by reason philosophy science and human experience this book invites readers to examine belief in God with intellectual honesty and spiritual depth Rather than relying on blind faith or dismissive skepticism the book carefully explores classical and contemporary arguments for and against God's existence ranging from cosmology fine tuning morality and consciousness to suffering doubt atheism and materialism It engages respectfully with other religious traditions and non theistic perspectives while presenting the Islamic concept of Taw d the oneness of God with clarity and coherence Written for believers skeptics and sincere seekers alike Does God Exist does not aim to force conclusions but to encourage reflection It addresses modern questions raised by science confronts the problem of evil with honesty and explores how belief or disbelief shapes meaning morality and human purpose This book is both a philosophical inquiry and a personal journey one that challenges assumptions clears misconceptions and presents belief in God as a rational meaningful and deeply human response to existence itself

Life's Ultimate Question: Does God Exist? United Church of God,2010-10-18

Why are we here What is our place in the universe What is the purpose of life The questions have been asked for centuries But they all revolve around what is perhaps the most fundamental question of all Does God exist Inside this booklet Asking the Crucial Questions Evidence All Around Us The Beginning of the Universe Our Awesome Universe How Big is Big Science and Discomfiting Discoveries Our Amazing Spaceship Earth The Importance of Life Sustaining Water The Giver of Life The Tiny Miracle That's Toppling Evolution A Deeper Look at the Evidence Scientists Thundering Silence Life's Purpose and the Consequences of Ideas Groping for Meaning and Morality Why Were You Born Man's Natural Hostility Toward God Meet God How Does God Reveal Himself A God Not Bound by Space and Time Our Window of Opportunity      **Does God Exist?** Donald Ackermann,2014-07-09

The contentious debate between believers and non believers as to whether or not God really exists has raged ever since man first gazed into the heavens and pondered the universe But recent discoveries coupled with what was already known are drawing the two opposing camps closer This commentary strives to demonstrate how this is happening and why the religious and scientific communities are gradually finding so much more that they can agree upon Both sides have given considerable ground Some scientists and theologians now acknowledge each others previously inflexible positions on many issues how old the earth is if other life similar to ours exists the nature of things that strongly suggest Intelligent Design It is particularly noteworthy how many prominent physicists cosmologists and astronomers now

accept the possible existence of a God Supreme Being or Universal Power It is seen that once the dogmatism on both sides is removed the compatibility of religion and science emerges Keep in mind the author makes no claim to being a scientist or theologian or that this commentary is intended to be exhaustive But it is believed few have ever assembled such a concentrated array of scientific and religious facts and opinions with accompanying analysis which when brought together form a more composite and truer picture of the truth And isnt that what everyone is after the truth If you find this subject intriguing as most do and you are looking for some answers you may find them here Come journey with the author into the uncertain the unknown the profound See where it takes you You will not be disappointed

The Brothers Karamazov Fyodor Dostoyevsky,1922     **The Christian Doctrine of God** William Newton Clarke,1909     The Novels of Fyodor Dostoevsky: The Brothers Karamazov Fyodor Dostoyevsky,1926     **Kierkegaard and Dostoevsky** Petr Vaškovíc,2024-10-21 The book brings together the philosophy of S ren Kierkegaard with that of another prominent proto existentialist thinker Fyodor Dostoevsky Asking the question What constitutes an authentic Christian life the book explores the answer given by both authors which is that one should rid oneself of selfish inclinations and strive for a life of faith that revolves around the virtues of humility and non preferential love However as we learn from Dostoevsky and Kierkegaard becoming an authentic individual is no easy task and the book goes on to examine the obstacles that lie in the path of individual existential self development The book then examines the ways in which the various characters and pseudonymous authors who populate Dostoevsky s and Kierkegaard s books struggle in their attempts to become authentic ethical and religious individuals The examination of this struggle termed existential entrapment and defined as the inability to progress on the path of one s existential self development forms the core of the book and helps to map out the ethical religious landscape of Dostoevsky s and Kierkegaard s thought
