**Twice Raped** Audrey Savage, 1990      **Real Rape** Susan Estrich, 1987 Many men believe that they can force women to have sex against their will and that it isn't rape at least not if the man knows the woman and doesn't beat her up or wield a weapon The law's casual treatment of such rape cases is the subject of this pioneering book which is both a powerful exposé of the often shocking facts and a trenchantly written call for reform      **Understanding and Proving International Sex Crimes** Morten Bergsmo, Alf Butenschøn Skre, Elisabeth J. Wood, 2012-04-25 This anthology addresses the gap between international standard setting prohibiting international sex crimes and actual accountability for individuals who are responsible for such crimes The book provides detailed analysis of the legal requirements of international sex crimes and types of fact that can be used to meet these requirements It includes a unique knowledge base that digests international case law on such crimes The anthology also contains several studies of institutional and evidentiary challenges in the prosecution of international sex crimes Series pref      **New York Court of Appeals.
