## Virtual Incarnation:

*Virtual Incarnation?* William B. Kincaid, 2002 In a time when spiritual hype is rampant and modern Pharisees sometimes seem to drown out all other voices the quiet reflective messages of William Kincaid offer a refreshing journey for the soul His relaxed conversational style will engage readers and the insights of this master preacher into both scripture and modern life will leave them thirsting for more Virtual Incarnation is a superlative collection of sermons it is don t miss reading not only for ministers and teachers but also for personal worship and devotions This is intelligent preaching With refreshing theological biblical and psychological content Kincaid s sermons are a mixture of keen human observation and faithful reflection Albert M Pennybacker Former Associate General Secretary National Council of Churches What makes a good preacher like a good poet is the unforeseen image or phrase that catches us by surprise and causes us to look at our life from a different angle In sermons we hope for everyday things rendered extraordinary by a word that speaks beyond itself In this collection you will find such words that can bring us closer to the presence of God Kincaid speaks in plain prose that is grounded in the poetry of the soul Malcolm L Warford Professor of Ministry Lexington Theological Seminary Elegant in their simplicity poignant and pointed in their relevancy to human experience Kincaid s sermons demonstrate homiletical excellence worthy of emulation They are well reasoned biblically grounded pertinent to faith development and always connected to the Christian s concern for justice I gladly recommend them for spiritual nourishment and as models of the best in contemporary preaching Nancy Jo Kemper Executive Director Kentucky Council of Churches William B Kincaid III has been the pastor of Woodland Christian Church Disciples of Christ in Lexington Kentucky since 1997 A graduate of the University of Kentucky and Lexington Theological Seminary Kincaid has previously served four other Kentucky congregations He is the author of *And Then Came The Angel* CSS and regularly contributes sermons to *Biblical Preaching Journal* and *Lectionary Homiletics* Kincaid is also a contributing editor for the journal *Great Preaching Texts* **Online Church?** Mark Howe, 2007 [Virtual Interaction: Interaction in Virtual Inhabited 3D Worlds](#) E. Granum, Lars Qvortrup, B. Holmqvist, S. Kolstrup, K. Halskov Madsen, 2013-03-09 Lars Qvortrup The world of interactive 3D multimedia is a cross institutional world Here researchers from media studies linguistics dramaturgy media technology 3D modelling robotics computer science sociology etc etc meet In order not to create a new tower of Babel it is important to develop a set of common concepts and references This is the aim of the first section of the book In Chapter 2 Jens F Jensen identifies the roots of interaction and interactivity in media studies literature studies and computer science and presents definitions of interaction as something going on among agents and agents and objects and of interactivity as a property of media supporting interaction Similarly he makes a classification of human users avatars autonomous agents and objects demonstrating that no universal differences can be made We are dealing with a continuum While Jensen approaches these categories from a semiotic point of view in Chapter 3 Peer Mylov discusses similar issues from a psychological point of view Seen from the user s perspective a basic

difference is that between stage and back stage or rather front stage i.e. between the real I and we and the virtual representational I and we Focusing on the computer as a stage in Chapter 4 Kjolner and Lehmann use the theatre metaphor to conceptualize the stage phenomena and the relationship between stage and front stage

**Virtual Reality and Augmented Reality** Bruno Araldi, Pascal Guitton, Guillaume Moreau, 2018-03-15 Virtual and Augmented Reality have existed for a long time but were stuck to the research world or to some large manufacturing companies With the appearance of low cost devices it is expected a number of new applications including for the general audience This book aims at making a statement about those novelties as well as distinguishing them from the complex challenges they raise by proposing real use cases replacing those recent evolutions through the VR AR dynamic and by providing some perspective for the years to come

*Virtual Theology, Faith and Adult Education* Ros Stuart-Buttle, 2013-07-29 Online learning is a key feature of the contemporary educational landscape and has entered mainstream policy provision and practice But if online education is to reach mature development and evaluation it must be open to critical appraisal This book considers the implementation of online learning within adult theological education This can be an area of challenge or contention especially when established academic practices and cherished values are seen as threatened when handed over to online delivery This opens questions about theology pedagogy and online education Does online teaching and learning bring or demand a new or transformed disruptive pedagogy or does it result in maintenance or replication sustaining of traditional values and existing practices What might the opportunities and benefits be Who stands to gain Who stands to lose And what evidence is there to evaluate the quality of doing theology online This book examines a long standing programme of continuing professional development delivered fully online to adult practitioners working across Christian education and ministry settings It builds upon the author's international experience as an online educator for over a decade Key themes relate adult learning to theological pedagogy authority and online community The concept of interruptive pedagogy is presented as an interpretative model to critically appraise an approach to online education that draws on the best theological tradition yet also looks to the future
