**The Rehabilitation of Virtue** Robert T. Sandin, 1992-05-30 This book proposes an approach to values education centered on an analysis of the relationship between thinking and valuing and focused on strategies for nurturing the capacity for sustained disciplined and informed reflection on the issues of moral decision and religious belief Robert T Sandin contends that there is an urgent need for education at the present time to effect a return to the traditional ideals of intellectual and moral virtue Supporting observations include recent evaluations of values education in American schools and colleges a review of several well known theories of values related education and an account of the development of the philosophy of value in the late nineteenth and early twentieth centuries Sandin is committed to the concept that virtue is compatible with the ideals of learning and further demonstrates why the role of religion in modern culture depends on the effectiveness of a program of education that nurtures an authentic spirituality free from illusion

Browne, 1919 Mathematics is the biometer of intellectual evolution Hence the determination of the status quo of the intellect at any time can be accomplished most satisfactorily by applying to it the rigorous measure of the mathematical method The intellect has but one true divining rod and that is mathematics By day and by night it points the way unerringly so long as it leads through materiality but falteringly blindly fatally when that way veers into the territory of vitality and spirituality Wherefore when we have wished to ascertain the real status of the intellect as well as its limitations tendencies possibilities we have turned to its conduct in the field of mathesis where it is least trammled in its ingressive and egressive motivations because of the natural and easy accommodation which is offered for intellectual movement Whether there are signs of moribundity or symptomatic evidences of marked growth or of a termination of intellectual regnancy or whatever may be the

occasion for the examination no surer index than the mathematical may be found for the purpose Full logical justification is therefore claimed for the choice of mathematical evidences to test the assumption that a new era of conscious mental conquest is opening for the vanguard of humanity and sequently for the human family      **North American Social Report: Economics, religion, and morality** Alex C.
