Interpretive Sociology and the Semiotic Imagination Andrea Cossu, Jorge Fontdevila, 2023-05-25 Semiotics provides key analytical tools to understand the creation and reproduction of meaning in social life Although some fields have productively incorporated semiotic models sociology still needs to engage with semiotic mediation Written by a diverse group of authors in interpretive sociology this ambitious volume asks what the relationship between meaning systems and action is how we can describe culture and which roles we assign to language social processes and cognition in a sociological context Contributors offer empirical research that not only outlines the conceptual issues at stake but also demonstrates how to do things with semiotics through case studies Synthesizing a diverse and fragmented landscape this is a key reference work for scholars interested in the connection between semiotics and sociology

Semiotics and Shock Advertisement Corinna Colette Vellnagel, 2011-02-18 Essay from the year 2011 in the subject Communications Public Relations Advertising Marketing Social Media grade Excellent The University of Surrey Department of English course Language of Advertising language English abstract There is advertisement and there is advertisement Most ads have the intention to make people aware of a product service or concept followed by the purchase and therefore support the free market economy Reschke 1998 p 1 but there are ads whose main aim is to inform people more precisely to call their attention to a certain topic Consequently advertisements cause different reactions Some ads make people smile or even giggle some just communicate plain information whilst others make people think and reflect and again others literally shock people Advertising campaigns such as the WWF 9 11 one the Get unhooked ads or Antonio Federici s banned campaign q v Appendix 1 3 are only three examples on the list of campaigns

banned in the 21st century due to unethical content Those offensive advertisements include messages that transgress laws and customs e g anti human rights breach a moral or social code e g profanity vulgarity or outrage the moral or physical senses e g gratuitous use of violence use of disgusting images Chan et al 2007 p 608 Researchers found out that adverts which are incongruent with social norms attract attention and are more likely to be retained in memory Gulas and Weinberger 2006 p 173 Attracting interest can be done on different ways by either using attention attracting pictures sounds signs or just simple words and phrases
