Tempest Waters:

Tempest Waters Nancy Gideon, 1993 When her father dies in a storm on Lake Superior Joelle Parry must fight to save his lumbering company and to this end forms a partnership with confident well connected Marshall Cameron Original

The Land is Ours Tembeka Ngcukaitobi, 2018-02-01 The Land Is Ours tells the story of South Africa's first black lawyers in the late nineteenth and early twentieth centuries In an age of aggressive colonial expansion land dispossession and forced labour these men believed in a constitutional system that respected individual rights and freedoms and they used the law as an instrument against injustice The book follows the lives ideas and careers of Henry Sylvester Williams Alfred Mangena Richard Msimang Pixley ka Isaka Seme Ngcubu Poswayo and George Montsioa most of whom were also members of the ANC It analyses the legal cases they took on explores how they reconciled the law with the political upheavals of the day and considers how they sustained their fidelity to the law when legal victories were undermined by politics The Land Is Ours shows how these lawyers developed the concept of a Bill of Rights which is now an international norm Amid current suspicion of the Constitution and its protection of individual rights the book clearly demonstrates that from the beginning the struggle for freedom was based on the ideas of constitutionalism and the rule of law **The Empire's of J. G. Ballard**

David Ian Paddy, 2015-08-25 J G Ballard once declared that the most truly alien planet is Earth and in his science fiction he abandoned the traditional imagery of rocket ships traveling to distant galaxies to address the otherworldliness of this world The Empires of J G Ballard is the first extensive study of Ballard's critical vision of nation and empire of the political geography of this planet Paddy examines how Ballard's self-perceived status as an outsider and exile the Sheppertonian from Shanghai generated an outlook that celebrated worldliness and condemned parochialism This book brings to light how Ballard wrestled with notions of national identity and speculated upon the social and psychological implications of the post-war transformation of older models of empire into new imperialisms of consumerism and globalization Presenting analyses of Ballard's full body of work with its tales of reverse colonization psychological imperialism the savagery of civilization estranged Englishmen abroad and at home and multinational communities built on crime The Empires of J G Ballard offers a fresh perspective on the fiction of J G Ballard The Empires of J G Ballard An Imagined Geography offers a sustained and highly convincing analysis of the imperial and post-imperial histories and networks that shape and energise Ballard's fictional and non-fictional writings To what extent can Ballard be considered an international writer What happens to our understanding of his post-war science fictions when they are opened up to the language and logics of post-colonialism And what creative and critical roles do the spectres of empire play in Ballard's visions of modernity Paddy follows these and other fascinating lines of enquiry in a study that is not only essential reading for Ballard students and scholars but for anyone interested in the intersections of modern and contemporary literature history and politics Jeanette Baxter Anglia Ruskin University Shanghai made my father Arriving in England after WW2 he was a person of the world who'd witnessed extremes
