**The Ten Commandments in New Perspective** Eduard Nielsen, 1968 Studies in Biblical Theology Second Series 7

**The Ten Commandments in New Perspective** Eduard Nielsen, 1965      **The ten commandments in new perspective** Eduard Nielsen, David J. Bourke, 1965      The Ten Commandments in New Perspective, 1967      *The ten commandments in new perspective De ti bud, engl A traditio-histor* Eduard Nielsen, David J. Bourke, 1968      The Alien in Israelite Law Christiana van Houten, 1991-01-01 One of the first systematic and critical reconstructions of the history of the social class of aliens in ancient society this study develops new insights gained from the sociological approach to biblical literature As Israel developed from tribal society to state from state to confessional community and from confessional community to province the identity and legal status of the alien developed in a concomitant way Laws which initially afforded the alien only partial social and cultic inclusion in the pre exilic period eventually required complete equality between the alien and Israelite in the postexilic period      A New Look at God's Law Robert J. Wieland, 2000 Click on the Faith button and God's stern Ten Commandments suddenly become good news Believe how I am the Lord your God who has already historical past tense brought you out of Egypt out of the house of bondage and His Ten Commandments become before your eyes assurances of blessings      *New Perspectives in American Jewish History* Mark A. Raider, Gary Phillip Zola, 2022-01-03 New Perspectives in American Jewish History A Documentary Tribute to Jonathan D Sarna compiled by Sarna's former students presents heretofore unpublished neglected and rarely seen historical records documents and images that illuminate the heterogeneity breadth diversity and colorful dynamism of the American Jewish experience      **New Perspectives on Hegel's Philosophy of Religion** David Kolb, 1992-09-22 Hegel's ideas about the nature of religion its history and its relation to philosophy have had great influence on his friends and foes alike Relying on the new critical edition of Hegel's separate lecture courses the essays in this book provide new insights into Hegel's ideas and challenge the way we think today Crucial topics are discussed Is Hegel a Christian Does the political community absorb religion How does religion relate to philosophy What does Hegel have to say about evil and tragedy about the persistence of mythology about mysticism The book also touches on the relation of Hegel's thoughts to deconstructive insights into religion      **New Perspectives in Philosophy of Education** David Lewin, Alexandre Guilherme, Morgan White, 2014-10-23 New Perspectives in Philosophy of Education seeks to build a bridge between philosophical reflection and socio-political action by developing a range of critical discussions in the areas of ethics politics and religion This volume brings together established authorities and a new generation of scholars to ask whether philosophy of education can contribute to political and social discourse or whether it is destined to remain the marginal gadfly of mainstream ideology The philosophy of education stands in danger of becoming a neglected field at precisely the moment we need to be able to reflect upon the increasingly apparent costs of the technocratic attitude to education While many of the educational policy discussions of recent years seem far reaching and radical critical debate

surrounding these initiatives remain largely at a populist level New Perspectives in Philosophy of Education provides contemporary responses to philosophical issues that bear upon educational studies policies and practices contributing to the debate on the role of philosophy of education in an increasingly fractured intellectual milieu

**Holiness and Society** Ronen Shoval, 2024-08-15 Exploring the subtle political philosophy within the Biblical narrative this book presents enduring insights that complement Ancient Greek philosophy for contemporary political distinctions uncovering overlooked socio political ideologies to provide a unique perspective alongside the classical philosophical tradition By adopting a sociological approach Ronen Shovel interprets the Bible as a reflection of perspectives and ideologies emphasizing the intricate dynamics between rulers and subjects balancing justice and power within societies A key focus is the examination of holiness as a distinct political category influencing institutions ethics justice and even the use of force This perspective challenges traditional religious scholarship merging sociology with the concept of holiness Holiness and Society enriches political philosophy religious studies and sociology broadening their boundaries and offering fresh perspectives serving as a bridge between antiquity and modernity providing valuable insights into contemporary political thought

The New Outlook for the Blind, 1925     *The Ultimate Imperative* Ronald H. Stone, 1999 The Ultimate Imperative reclaims the love ethic as expressed in principles from the Ten Commandments and Jesus Ronald Stone sets this ethic in tension with more recent theological insights and church pronouncements in order to explore personal and social issues including race relations economics politics ecology and peacemaking
