

The Middle Americans

William Edward Duellman

The Middle Americans:

The Radical Center Donald Warren,2016-12-06 Drawing on extensive research and national survey data sociologist Donald I Warren here presents an in depth analysis of the Middle American Radicals who they are what they believe the major targets of their grievances and the likelihood of their political mobilization The evidence indicates that as many as one in five Americans shares the Radical Center perspective including people who outwardly seem to have very little in common by way of economic occupational or education status Of particular significance are the findings concerning potential support for the various presidential candidates and for a third national political party

The Middle Americans Robert Coles,Jon Erikson,1971-01-01 [The American Middle Class](#) Lawrence Samuel,2013-07-18 The middle class is often viewed as the heart of American society the key to the country s democracy and prosperity Most Americans believe they belong to this group and few politicians can hope to be elected without promising to serve the middle class Yet today the American middle class is increasingly seen as under threat In *The American Middle Class A Cultural History* Lawrence R Samuel charts the rise and fall of this most definitive American population from its triumphant emergence in the post World War II years to the struggles of the present day Between the 1920s and the 1950s powerful economic social and political factors worked together in the U S to forge what many historians consider to be the first genuine mass middle class in history But from the cultural convulsions of the 1960s to the stagflation of the 1970s to Reaganomics in the 1980s this segment of the population has been under severe stress Drawing on a rich array of voices from the past half century *The American Middle Class* explores how the middle class and ideas about it have changed over time including the distinct story of the black middle class Placing the current crisis of the middle class in historical perspective Samuel shows how the roots of middle class troubles reach back to the cultural upheaval of the 1960s *The American Middle Class* takes a long look at how the middle class has been winnowed away and reveals how even in the face of this erosion the image of the enduring middle class remains the heart and soul of the United States

Revision of the Middle American Clade of the Ant Genus Stenamma Westwood (Hymenoptera, Formicidae, Myrmicinae) Michael G. Branstetter,2013-04-24 *Stenamma* is a cryptic leaf litter ant genus that occurs in mesic forest habitats throughout the Holarctic region Central America and part of northwestern South America Colombia and Ecuador The genus was thought to be restricted primarily to the temperate zone but recent collecting efforts have uncovered a large radiation of Neotropical forms which rival the Holarctic species in terms of morphological and behavioral diversity By inferring a broad scale molecular phylogeny of *Stenamma* Branstetter 2012 showed that all Neotropical species belong to a diverse Middle American clade MAC and that this clade is sister to an almost completely geographically separated Holarctic clade HOC Here the Middle American clade of *Stenamma* is revised to recognize 40 species of which 33 are described as new Included in the revision are a key to species based on the worker caste and for each species where possible descriptions and images of workers and queens images of males information on geographic

distribution descriptions of intraspecific variation and notes on natural history Several species groups are defined but the majority of species remain unassigned due to a lack of diagnostic morphological character states for most molecular clades

The Radical Center Donald I. Warren, 1976 English Colonies in America ...: The middle colonies John Andrew Doyle, 1907 *A Review of the Middle American Tree Frogs of the Genus Ptychohyla* William Edward Duellman, 2022-11-22
