Rationalising the Bible – Volume 1 Ivy Bedworth,2016-02-28 Rationalising the Bible is a collection of volumes that cover the books of the Old and New Testaments of the Holy Bible Written by mostly unidentified authors the Bible is generally attributed with being the moral compass of the world of Judeo Christian religious adherents In fact the Bible is mostly mythological history inaccurate science exaggerated reports of violence and discrimination against the people who settled the Fertile Crescent and a set of laws plagiarised from those already in existence in the area Even the writing of it claimed to be that of the patriarchs can clearly be identified in the reading of it as belonging rather to a period when all people in the civilised world were writing their stories It was not written as atheists often charge by illiterate nomadic tribespeople in pre history Instead it was written by politicians and priests at a time when the western civilisations were making their mark on the world s politics **Pausanias Description of Greece, tr. into English with notes and index** Pausanias,1912 [Preussische Jahrbücher](#) ,1896 **A Smaller Classical Dictionary** William Smith,1910 [Calcutta Review](#) ,1922
