Ten Commandments A Preaching Commentary:

The Ten Commandments Prof. John C. Holbert,2011-09-01 Many resources have been written to offer assistance in exploring and understanding the lectionary texts for the purpose of preaching However few have sought to provide this kind of preaching commentary on texts that do not follow the lectionary s grouping For those whose preaching does not customarily follow the lectionary and for those who depart from the lectionary text during certain periods of the year little guidance has been offered for how to select and preach on important biblical texts The Ten Commandments A Preaching Commentary the first book in The Great Texts series gives guidance to preachers on preaching about this central part of faith The principles by which volumes in The Great Texts series have been chosen are primarily two fold 1 Thematic Texts on certain overarching themes or ideas of the Christian faith are brought together 2 Biblical traditional Texts that have long been recognized as belonging together and as being particularly beneficial to the work of preaching *The Social Law of God* Edward Abiel Washburn,1881 **The Ten Commandments Outlined Preaching Manuscripts** Gregory Lund,2012-09-23 The Ten Commandments are a powerful expressions of God s love These ten statements are all encompassing touching virtually every part of our lives They are the parameters to live by the truths God knows will provide us with blessing and strength a future and a hope The goal of this study of the Ten Commandments is to become better acquainted with the heart and character of God As we go through each of the Ten Commandments we will discover which of God s attributes is reflected in that particular commandment These outlined preaching manuscripts of the Ten Commandments were written and delivered by Gregory Lund and may be used as a commentary for sermon preparation or for group or individual Bible study *Expository Sermons on the Ten Commandments* Joe Tolin, Jr.,2015-07-23 This compilation of sermons on the Ten Commandments covers in detail the three uses of the Law the application of Law and Gospel and the details of each commandment Social Law of God Edward Abiel Washburn,1875 The Social Law of God: Sermons on the Ten Commandments Edward Abiel Washburn,2018-02-15 This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it This work was reproduced from the original artifact and remains as true to the original work as possible Therefore you will see the original copyright references library stamps as most of these works have been housed in our most important libraries around the world and other notations in the work This work is in the public domain in the United States of America and possibly other nations Within the United States you may freely copy and distribute this work as no entity individual or corporate has a copyright on the body of the work As a reproduction of a historical artifact this work may contain missing or blurred pages poor pictures errant marks etc Scholars believe and we concur that this work is important enough to be preserved reproduced and made generally available to the public We appreciate your support of the preservation process and thank you for being an important part of keeping this knowledge alive and relevant *Seven Sermons on the Ten Commandments ...* Edward Garrard Marsh,1832
