**The Last First Sergeant** Layton Black, Jr, 2025-06-06 Put yourself on the front lines of the European Theatre of World War II I have thought about this the putting down on paper of my war time years for over thirty years and I m still sure I have not forgotten We were called Paratroopers because of our chutes that brought us to the ground Our training was for mass use in big invasions several divisions at a time Each one of us knew the chance he took just to get to the ground let alone his location to fight from always on the enemy s home ground It was always like saying we had two chances slim and none Sure we knew all of this and what s more we asked for it We dressed looked acted and just plain were different The whole world looked up to Paratroopers We were the glory of our time I would start by saying first I did not miss a single day once I joined the 101st Airborne 502nd Paratrooper Regiment 1st Battalion C Company 2nd Platoon in May 1943 until November 1945 All of which was spent in C Co from Private to 1st Sergeant I did not get a scratch in all of the division s time it was oversees By scratch I mean in the true sense something that was bad enough to put me out of action In fact I was never on sick call Come along with my sharp and very sound memory of my day to day life from the biggest airborne jumps ever made D Day invasion of Normandy France to the daytime jump into Holland and the start of the great race north for Arnheim under the British Field Marshall Montgomery Then the call for help with the great German breakthrough and our ride into the Bulge This time by cattle trucks only to unload at a place in Belgium called Bastogne Then what it was really like at the Front in those last days in the war and into the first days of the army of occupation Layton Black Jr

**A Young Soldier** Stephen Augustus, 2009-01-13 An intelligent and athletic young man from an upper middle class family and an affluent suburban town in New Jersey abruptly leaves home At the age of nineteen he winds up alone in Las Vegas for the winter In order to bootstrap himself off the floor of the economy he enlists in the U S Army infantry for the enlistment bonus the promise of college funds and an adventure Over the next four years the young man serves in uniform on three continents Initially the new soldier struggles for a year to measure up Eventually he becomes a good endurance athlete a credible young man and an effective soldier The Spartan environment and the draconian discipline of the infantry unit impacts the youth Alarmed by the debauchery around him he responds by throwing himself into a rigorous self improvement program As a coping mechanism he develops an intellectual philosophy uniquely suited to the infantry After the familiarity of the army getting out and pursuing his goal of attending college is a gut check he passes The solo adventurer travels the Pacific Rim and Western Europe Then he goes off to a state university in a small rural town College is not the utopia the high minded idealist expected The new veteran is met with considerable hostility in the classroom and animosity on the campus After four years in the infantry the man has become very martial machine like and ideological Issues of identity are manifold Unforseen readjustment problems manifest In the isolation of the infantry battalion he has lost contact with the civilian world and he cannot fathom the values thinking and the lifestyles of the students around

him The new civilian possesses few social skills and less knowledge of domestic life He is a sort of idiot savant living in a world of book ideas and concept Eventually his mind bends and his health breaks Over the next years the man endures a spiritual struggle to come to terms with his past accept his present and plan for an unexpected sort of future This story explains the following questions Where does an extremist come from What forms the mid of an extremist How is an extremist defused

**No Silent Night** Leo Barron,Don Cygan,2012-11-06 On Christmas morning 1944 there was little reason to celebrate As the Battle of the Bulge raged a small force of American solders including the famed 101st Airborne division tank destroyer crews engineers and artillerymen was completely surrounded by Hitler s armies in the Belgian town of Bastogne Taking the town was imperative to Hitler s desperate plan to drive back the Allies and turn the tide of the war The attack would come just before dawn As the outnumbered undersupplied Americans gathered in church for services or shivered in their snow covered foxholes on the fringes of the front lines freshly reinforced German forces of men and tanks attacked The battle was up close and personal with the cold exhausted soldiers of both armies fighting for every square foot of frozen earth In the end the Allied forces would hold the town of Bastogne with the hard won victory boosting morale and sounding the death knell for Hitler s Third Reich After this battle the Nazis would never go on the offensive again Featuring interviews with the soldiers who were there as well as never before seen or translated documents No Silent Night is a compelling chronicle of one day that changed the course of the war and the world INCLUDES NEVER BEFORE SEEN PHOTOS AND MAPS
