EBOOK: The Doctorate Worldwide Stuart Powell, Howard Green, 2007-06-16 This book critically analyses the provision of doctoral education worldwide and discusses core issues for educators administrators and policy makers when planning and delivering doctoral education programmes It is the first to summarise key aspects of doctoral education worldwide in a consistent way in order to Inform the sector on the full range of doctoral awards worldwide Allow international comparisons to be made more easily Provide a base line for the international development of the doctorate Give a critical commentary on the state of doctoral education Help identify good practice Taking a country by country approach The Doctorate Worldwide examines doctoral study in North and South America South Africa Europe Australia India China Japan and Thailand Each chapter presents demographic and other data and considers key questions such as What are the different forms of doctoral study and qualification available How are institutions organised How are candidates supervised funded and examined Are there identifiable differences in gender race religion etc What is the role of the doctorate in relation to national research policy Written in an accessible style with extensive use of charts tables and visual summaries The Doctorate Worldwide will be a valuable resource for all academics and administrators involved in organising and delivering doctoral study *On Time to the Doctorate* National Research Council, Policy and Global Affairs, Office of Scientific and Engineering Personnel, 1990-02-01 A need exists for better models of what contributes to changes in the time that students take to complete doctorate degrees Utilizing numerous data sources On Time to the Doctorate presents a new model to explain changes in both total time to the doctorate and in the several components of time to the doctorate It examines the lengthening time to the doctorate in many fields chemistry physics and astronomy earth atmospheric and marine sciences mathematical sciences engineering agricultural sciences biological sciences health sciences psychology economics and all other social sciences and provides theoretical explanations for this lengthening time This thorough and current analysis of time to the doctorate provides an up to date extensive review of the literature and an exposition of data not available elsewhere *Higher Education and Human Capital: Re/thinking the Doctorate in America* David M. Callejo Pérez, Stephen M. Fain, Judith J. Slater, 2011-10-21 This book attempts to re imagine the purpose of the doctorate which has historically been used to prepare leaders who will work to improve the sciences social and physical humanities and professions while articulating curriculum as a living shape where students faculty and institution melded in a humanist and creative process This idea seriously eroded by the explosion in doctoral degrees between the early 1970s 20 000 doctorate per year and last year to over 46 000 and an explosion in doctoral and research universities that has created a crossroads for the doctorate in America We believe the value of a doctorate is Intellectual Capital and are particularly interested in encouraging reflection as an important characteristic of a successful quality doctoral program We posit that a good doctoral experience fosters active engagement in reflection on all elements of our work the intellectual advisory and pedagogical work of faculty

curricular opportunities as well as the intellectual of the doctoral candidates through an avocation that drives research and theory in our fields Specific issues raised in this edited volume include comprehensive analysis of programs rethinking evaluation and programmatic coherence doctoral degrees beyond the discipline subject and field and implications of individual identity Along with authors chapters we paid attention to encourage reflection as an important characteristic of a quality doctoral program positing that good doctoral experiences foster active engagement in reflection on all elements of the doctoral experience including program and curricular issues personal relationships work and the creation of a community of scholars **The Doctorate** George Keene Schweitzer,1965 *The Doctorate in Mental Health* Robert S.

Wallerstein,1991-07-31 *The Doctorate in Mental Health* D M H program was an experiment inspired by the proposal and advocacy beginning in the 1950s of the eminent psychoanalyst Lawrence Kubie of a more rational and efficient pattern of training for dynamically oriented psychotherapists drawing on the relevant aspects of medical psychiatric and psychological training Though the inspiration for the program remained centered in psychoanalytic dynamic psychiatry social science and biological components of the curriculum were conceived as preparing the D M H to practice in community mental health settings and most controversially to prescribe and administer psychotropic drugs autonomously Unfortunately legislative licensure of the new degree was never attained and the aspiration to create a new profession failed Why did it fail This book and its myriad of contributors attempt to grapple with this question and combine to produce a detailed examination of the rise and demise of a new profession and its infrastructure Contents Section I The Historical Evolution Rise and Fall of the D M H Program Section II The Personal Evolution Creation of a New Professional Identity Section III The World Surrounding the Program Section IV Analysis and Overview The University of Chicago Magazine ,1909 Navigating the Doctorate in Education Julie Fernandez,Krista Allison,2024-02-26 Navigating the Doctorate in Education is an engaging and honest conversation for anyone considering pursuing a doctorate degree in education This book helps prospective students navigate the journey from choosing the right university to completing the research and achieving the ultimate title of doctor of education Success in this advanced degree journey depends on understanding where to go financial personal and professional demands and the educational expectations of a doctorate degree There are nuances of the process whether you take classes on campus or online that every candidate should know before beginning this terminal degree A timely text Navigating the Doctorate in Education encapsulates perspectives from professors and former doctoral candidates so you will be informed and prepared for success *Proceedings of the Annual Meeting - National Education Association of the United States* National Education Association of the United States,1894 Oxford University Gazette University of Oxford,1916 **The Catholic University Bulletin** ,1895 **The Catholic University Bulletin** Catholic University of America,1895 Annual Reports of the President and Treasurer ... with Accompanying Documents Columbia University,1917 Announcement of the Program in Chemical Engineering University of Michigan.
