The Irish Reader:

The Irish Reader Diarmuid Russell, 1956-03-10 **A Reader's Guide to Books in the Irish Language** Seosamh McCloskey, 1992 In this guide you will find short descriptions of more than 200 books written in the Irish language from 1900-1992. Some bibliographical material is given on each author. The books described are in the categories of language, history, literature, poetry, drama, folklore, non-fiction, books for beginning readers, books on tape. Each category has a brief introductory essay placing the genre historically. Dual language texts available, translations are noted. Although this is a personal selection, it is by no means a complete compilation of books available in Irish; it will leave the reader with a good knowledge of the state of writing literature in Irish today. It will be of use to readers who are fluent in Irish, also beginning readers, because it notes the level of writing with regard to simplicity or sophistication of the text being described. The guide will also be of interest to people who do not know the language but are interested in Ireland. This book will give them information that they will not find anywhere else. A second volume is planned for 1994 covering books published before 1900, many of which are of linguistic interest. Reading the Irish Woman Gerardine Meaney, Mary O'Dowd, Bernadette Whelan, 2013-07-31 The first analysis of the Enlightenment and Irish women and the most comprehensive study to date of Irish women and American emigration. Irish women negotiated, selected, and at times defied the representations of womanhood presented to them in official and commercially sponsored media. **Ireland, Reading and Cultural Nationalism, 1790-1930** Andrew Murphy, 2017-10-26 The emergence of an Irish common reader in the nineteenth century had significant implications for the evolution of Irish cultural nationalism. The rise of literacy rates prompted a cultural crisis with nationalists fearing that the beneficiaries of mass education were being drawn to populist publications emanating from London which were having the effect of eroding Irish identity and corrupting Irish morals. This fear prompted an intensification of cultural nationalist activity at the turn of the century. Andrew Murphy's study, which includes a chapter on W.B. Yeats and the Irish reader, moves freely between historical and literary analysis and demonstrates how a developing sense of cultural crisis served as an engine for the Irish literary revival. Examining responses to Irish reading habits advanced by a wide range of cultural commentators, Murphy provides a nuanced discussion of theories of nationalism and examines attempts finally to control reading habits through the introduction of censorship. **The Irish Ecclesiastical Record**, 1907 An Irish Literature Reader Maureen O'Rourke Murphy, James MacKillop, 2006-07-10 In a volume that has become a standard text in Irish studies and serves as a course-friendly alternative to the Field Day anthology, editors Maureen O'Rourke Murphy and James MacKillop survey thirteen centuries of Irish literature, including Old Irish epic and lyric poetry, Irish folksongs and drama. For each author, the editors provide a biographical sketch, a brief discussion of how his or her selections relate to a larger body of work, and a selected bibliography. In addition, this new volume includes a larger sampling of women writers. *The Irish Ecclesiastical Record*
