**Digital Roots** Gabriele Balbi, Nelson Ribeiro, Valérie Schafer, Christian Schwarzenegger, 2021-09-07 As media environments and communication practices evolve over time so do theoretical concepts This book analyzes some of the most well known and fiercely discussed concepts of the digital age from a historical perspective showing how many of them have pre digital roots and how they have changed and still are constantly changing in the digital era Written by leading authors in media and communication studies the chapters historicize 16 concepts that have become central in the digital media literature focusing on three main areas The first part Technologies and Connections historicises concepts like network media convergence multimedia interactivity and artificial intelligence The second one is related to Agency and Politics and explores global governance datafication fake news echo chambers digital media activism The last one Users and Practices is finally devoted to telepresence digital loneliness amateurism user generated content fandom and authenticity The book aims to shed light on how concepts emerge and are co shaped circulated used and reappropriated in different contexts It argues for the need for a conceptual media and communication history that will reveal new developments without concealing continuities and it demonstrates how the analogue digital dichotomy is often a misleading one      The Jewish Popes Leon G. Van Wert, 2009-10 Will we ever see peace in the Middle East If so how will it come about Currently negotiations are in the works for the creation of an independent Palestinian State However it will be located in part of the land which Orthodox Jews believe was set aside by God exclusively for the Jews They contend that the Israelites under Moses covenanted with God never to let non Jews live in any part of the Promised Land They further believe that a breach of this sacred Covenant will lead to divine curses for the disobedient Jews including the conquest of Israel by her enemies and the deportation of the surviving Jews to foreign lands Dr Leon G van Wert now has written a new and exciting eschatological work which clearly shows that the creation of a new non Jewish Palestinian State within the boundaries of the Promised Land will bring us one pivotal step closer towards the End Times Using the Old Testament as his guide to interpreting the book of Revelation Dr van Wert has unlocked this mysterious book of the Bible When is the end The end is near says the author when after the creation of an independent State of Palestine the Cardinals elect two successive Jewish Popes      Uncomfortable Conversations with a Jew Emmanuel Acho, Noa Tishby, 2025-03-18 For Emmanuel Acho and Noa Tishby no question about Jews is off limits They go there They cover Jews and money Jews and power Jews and privilege Jews and white privilege The Black and Jewish struggle Emmanuel asks Did Jews kill Jesus To which Noa responds Why are Jewish people history s favorite scapegoat They unpack Judaism itself Is it a religion culture a peoplehood or a race And Are you antisemitic if you re anti Zionist The questions and answers might make you squirm but together they explain the tropes stereotypes and catalysts of antisemitism in America

today The topics are complicated and Acho and Tishby bring vastly different perspectives Tishby is an outspoken Israeli American Acho is a mild mannered son of a Nigerian American pastor But they share a superpower an uncanny ability to make complicated ideas easy to understand so anyone can follow the straight line from the past to our immediate moment and then see around corners Acho and Tishby are united by the core belief that hatred toward one group is never isolated if you see the smoke of bigotry in one place expect that we will all be in the fire
