The Spring Address What Is A Conservative:

Battlelines Tony Abbott, 2009 What's next for the conservative side of politics Where are new battlelines to be drawn Current opposition Leader Tony Abbott offers a frank analysis of the way forward for the Liberal Party from 2009 when he was Federal Shadow Minister for Families Community Services and Indigenous Affairs Here he draws lessons from the dying days of the Howard Government and gives his views on his contemporaries including Kevin Rudd Peter Costello Julia Gillard and Malcolm Turnbull In Battlelines Abbott looks at the values and instincts that drive the Liberal Party and proposes policy that the party should adopt This is the often humorous story of his own political development He describes the truth about politicians lives his days from hell insider moments from the halls of power and how a would be priest believed he had fathered an unknown son Battlelines outlines a state of play for the Liberal Party cementing Tony Abbott's reputation as one of the Liberal Party's most interesting thinkers and fearless advocates

Conservative Revival Chris Philp, Bow Group, 2006 Aimed at all those interested in politics and the changing political map from 2006 onwards this title discusses why the Conservative Party's brand is damaged how it can be fixed and what political programme will get the Conservatives elected
