The Spring Branch:

Spring Branch George Slaughter,2011-11 When someone thinks of the Spring Branch area of Houston Texas chances are that a multicultural highly populated residential area on the west side of the city comes to mind Yet photographs of Spring Branch s early history are very different from the urban images of today In the 1840s about the time Texas became the 28th state German settlers came to a rural area centered around a tributary of Buffalo Bayou that runs through Houston but which was well outside the city limits at the time These immigrants who were farmers business owners and shopkeepers came to America to embrace and fulfill their dreams living a life of freedom owning property and raising their families They were prepared to earn their success without slave labor available during that era and they worked together to build a well known residential area of present day Houston The Spring Branch Tony Shaffer,1995 *Publication* ,1977 **Pleasant Bend**

Dan Worrall,2016 Today s Greater Houston is a vast urban place In the mid nineteenth century however Houston was a small town a dot in a vast frontier Extant written histories of Houston largely confine themselves to the small area within the city limits of the day leaving nearly forgotten the history of large rural areas that later fell beneath the city s late twentieth century urban sprawl One such area is that of upper Buffalo Bayou extending westward from downtown Houston to Katy European settlement here began at Piney Point in 1824 over a decade before Houston was founded Ox wagons full of cotton traveled across a seemingly endless tallgrass prairie from the Brazos River east to Harrisburg and later to Houston along the San Felipe Trail built in 1830 Also here Texan families fled eastward during the Runaway Scrape of 1836 immigrant German settlers trekked westward to new farms along the north bank of the bayou in the 1840s and newly freed African American families walked east toward Houston from Brazos plantations after Emancipation Pioneer settlers operated farms ranches and sawmills Near present day Shepherd Drive Reconstruction era cowboys assembled herds of longhorns and headed north along a southeastern branch of the Chisholm Trail Little physical evidence remains today of this former frontier world
