*The Unity of Philosophical Experience* Etienne Gilson, 1999 Lectures given at Harvard University in the first half of the academic year 1936-37 Foreword **A Critical Inquiry Into Etienne Gilson's The Unity of Philosophical Experience** Stephen Bernard Levensohn, 1960 *The Unity of Philosophical Experience* Etienne Gilson, 1982 **The Unity of Philosophical Experience** Etienne Gilson, 1982 **The Unity of Philosophical Experience, by Etienne Gilson** Etienne Gilson, 1954 [The Unity of Philosophical Experience](#) Etienne Gilson, 1941 **Gestures of Grace** Joshua Lee Harris, Hector A. Acero Ferrer, 2023-12-13 Gestures of Grace is a celebration of the life and career of Robert Sweetman H Evan Runner Chair in the History of Philosophy at the Institute for Christian Studies 2001 present These essays written by students and colleagues testify to the remarkable breadth and depth of Sweetman's research and teaching from his early scholarly career at the Pontifical Institute of Medieval Studies to his time at ICS Throughout the volume there is extensive engagement with Sweetman's influential historical scholarship on topics such as the emergence and development of the Dominican order in the twelfth and thirteenth centuries medieval women authors Thomas Aquinas and Duns Scotus and indeed on Sweetman's own systematic contribution to the nature and promise of Christian scholarship today **Reason, Reality, and Speculative Philosophy** Arthur Edward Murphy, 1996 Though one of the best known and most highly regarded philosophers of his day Arthur E Murphy left few books behind least of all the big book he alluded to throughout his life but for reasons unknown never published Reason Reality and Speculative Philosophy is derived from that book manuscript so famous and yet so unknown and offers at last a clear and definitive statement of Murphy's view of the place and purpose of philosophy Most of all this book introduces readers to a genuine lover of wisdom a philosopher who used ordinary English to address traditional problems of philosophy Murphy gives a critical account of speculative philosophy and at the same time offers a constructive attempt to outline a philosophy true to both reason and reality In the process he examines the speculative philosophies of F H Bradley C S Peirce Bertrand Russell George Santayana and A N Whitehead among others and dissects various forms of realism and idealism His work thus provides a trenchant critique of the major philosophical tendencies of the period from 1890 to 1940 This long lost work recovered and edited with expert care by Marcus G Singer is a contribution to philosophic reason that is penetrating comprehensive witty and wise **The Philosophy Of Praxis** Andrew Feenberg, 2014-08-12 The early Marx called for the realization of philosophy through revolution Revolution thus became a critical concept for Marxism a view elaborated in the later praxis perspectives of Lukács and the Frankfurt School These thinkers argue that fundamental philosophical problems are in reality social problems abstractly conceived Originally published as Lukács Marx and the Sources of Critical Theory The Philosophy of Praxis traces the evolution of this argument in the writings of Marx Lukács Adorno and Marcuse This reinterpretation of the philosophy of praxis shows its continuing relevance to contemporary discussions in Marxist political theory continental philosophy and science and technology studies *The Skeptic's Oakeshott*

S. Gerencser,2000-05-04 The Skeptic s Oakeshott poses the thesis that Michael Oakeshott s political philosophy is best understood from the vantage point of his skepticism and his intellectual affinity to Hobbes whose work he commented on extensively Margaret Thatcher based much of her political philosophy on Oakeshott s theories but Gerencser shows how she widely misinterpreted his work He argues persuasively against those who understand Oakeshott in terms of the influence of British idealism Instead Gerencser argues that Oakeshott adopts and softens Hobbes idea of consent as the basis of political authority By insisting that political authority has its source in acknowledgement and recognition Oakeshott s philosophy opens the doors to democratic politics The book ends with persuasive criticisms of Oakeshott especially for thinking that politics offers only two alternatives either the legitimacy of authority is universally recognized or civil war and secession are the result Gerencser argues for the necessity of conflict and the contestation of the legitimacy of authority He uses examples from Oakeshott s own work to show that civil disobedience is not only integral to democratic politics but is required by Oakeshott s own understanding of the political
