Robert Hansen,2003-06-13 Go to a meeting seminar or presentation in business education sports even personal growth Whats the first thing you hear Change Everything is change And we all have to need to and get to change And whats the very first thing Jesus tells everyone Change Greek metanoeite Mt 4 17 So whats the difference Whats so special about what Jesus says Change is what everybody says Discover how surprisingly hard it is for Christians and non Christians alike to hear the gospel even if shown the difference and that this difference makes all the difference in the world

**The Things We Mean** Stephen Schiffer,2003-09-04 If there exist such things as the things we mean then those things are also the things we believe and the things in terms of which we must understand all semantic notions If such entities as the things we mean and believe exist an account of their nature must be the most foundational concern in the theory of linguistic and mental representation Schiffer argues that there are such things as the things we mean and believe They are what he calls pleonastic propositions and he provides an account of what they are in themselves and of their place in nature language and thought After developing the theory of pleonastic propositions Schiffer uses it to provide accounts of among other things linguistic meaning and knowledge of meaning the relation between intentional and non intentional facts vagueness and indeterminacy moral discourse conditionals and the role of propositional content in information acquisition and explanation This radical new treatment of meaning will command the attention of everyone who works on fundamental questions about language and will attract much interest from other areas of philosophy
