The American School Readers Kate Forrest Oswell,2017-10-24 Excerpt from The American School Readers Third Reader The subject matter has four chief elements folklore and fairy story historical stories nature stories and poems The folklore and fairy stories are full of interest to children they have humor and are decidedly ethical The offensive stories of wicked relatives are omitted as being immoral in their tendency In their place are tales of enterprise and of common life which have become classics and which tend to elevate the minds and characters of children Historical stories are valuable at this age because while children are interested in fairy tales they are also interested in real people and this interest should be fostered in the school readers so we have stories of Washington of Lincoln of Charlemagne and of other historical characters all by standard authors About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
