Wars And Peace:

The Rights of War and Peace Hugo Grotius, Archibald Colin Campbell, 1901 **War & Peace**, 1914 **The Law of War and Peace** Hugo Grotius, 1925 War, Peace and World Orders in European History Anja V. Hartmann, Beatrice Heuser, 2002-11 This book explores a new way for students of International Relations to look at war peace and world orders throughout European history The contributors argue that the predominant realist paradigm that focuses on states and their self interest is not applicable to the largest period of European history because states either did not exist or were only in the making Instead they argue we have to look through the eyes of historical entities to see how they understood the world in which they lived The authors use a wide range of case studies focusing on subjects as diverse as the ancient Greek concept of honour and persecution under Communist regimes during the Cold War to explore the ways in which people in different societies at different times perceived and felt about war and peace in the world around them **War peace** graf Leo Tolstoy, 1904 **War, Peace, And The Social Order** Brian E. Fogarty, 2019-09-18 This book is the author s attempt to translate his knowledge of peace studies into the language of sociology so that the former can be grasped as a more complete whole It aims to increase interest among sociologists in issues of war and peace because they provide food for sociological thought *War, Peace, and Reconciliation* Theodore R. Weber, 2015-11-11 War Peace and Reconciliation invites Christians and the churches into a conversation over how to think about war from a standpoint in faith It asks how reconciliation which is central to Christian life and doctrine can engage the realities of war without surrendering its fundamental affirmations It defines these realities politically by discussing the meanings of power peace as a particular organization of power and the international system The study of war and politics is unavoidable as is the engagement with reconciliation because all human existence and activity exist in the context of the gracious work of God to renew and reconcile the fallen creation The inquiry is theocentric and christocentric It culminates in a call to the churches to examine all their practices in the light of this perspective **War, Peace and Progress in the 21st Century** Mark Berger, Heloise Weber, 2013-09-13 The history of development is one marked by insecurities violence and persistent conflict It is not surprising therefore that development is now thought of as one of the central challenges of world politics However its complexities are often overlooked in scholarly analysis and among policy practitioners who tend to adopt a technocratic approach to the crisis of development and violence This book brings together a wide range of contributions aimed at investigating different aspects of the history of development and violence and its implications for contemporary efforts to consolidate the development security nexus From environmental concerns through vigilante citizenship to the legacies of armed conflicts during and after decolonization the different chapters reconstruct the contradictory history of development and critically engage contemporary responses and their implications for social and political analyses In examining violence and insecurity in relation to core organising principles of world politics the contributors engage the problems associated with the nation state and the inter state system and

underlying assumptions of the promises of progress The book offers a range of perspectives on the contradictions of development and on how domination violence and resistance have been conceived At the same time it exemplifies the relevance of alternative methodological and conceptual approaches to contemporary challenges of development This book was published as a special issue of Third World Quarterly *Theologies of War and Peace Among Jews, Christians, and Muslims* Albert B. Randall,1998 This study provides analyses into the concepts of war and peace as found in the Jewish Christian and Muslim religions It covers topics such as the traditions of the Prophets theologies of war theologies of peace and unholy war The War and the Coming Peace Morris Jastrow (Jr.),1918 **Peace Theories and the Balkan War** Norman Angell,1912 War, Peace, and the Future Ellen Key,1916 **Yearbook - Carnegie Endowment for International Peace** Carnegie Endowment for International Peace,1915 *War and Peace* Leo Tolstoy,2007 War and Peace is one of the richest novels ever written Tolstoy s enthralling epic combines history and fiction in his depiction of Russia s lengthy war with the French armies of Napoleon and its effects on the domestic lives of those caught up in **The State in Peace and War** John Watson,1919 *War, Peace and the Military* Franz Kernic,2023-03-17 This book is a comprehensive analysis of the various social science approaches to explaining and interpreting war peace and the military Its central aim is to trace and reconstruct those basic assumptions constructed and thought processes undertaken by modern social sciences in their research and conceptualization of military violence and the use of force In addition to such reconstruction the aim is also to enquire into the preconditions of such thought This study therefore eschews the development of an explicit strategy in the sense of a research strategy but instead is much more concerned with thinking about its subject matter by means of re thinking and reflecting upon different theoretical approaches and problems The investigation includes a critical reexamination of the tradition of military sociological research from the beginning of modern sociology to late twentieth century theoretical approaches regarding the security focused and or war driven aspects of modern society **Instincts of the herd in peace and war** Wilfred Trotter,1922 *Planning War, Pursuing Peace* Paul A. C. Koistinen,1998 The third volume in a magisterial five volume study of the political economy of American warfare A Primer of Peace & War Charles Dominic Plater,1915 Between War and Peace Florence Brewer Boeckel,1928
