concepts like Augé's idea of non place Tuan's meaning of existence and the relation between man and environment which were necessary while justifying the tendency of the author to transform the railway station into a private place for expressing his character's personal desires. The bond of human relationships emphasizes Bond's understanding of the human mentality, nature, thoughts, and behaviour. Bond's stories display human feelings like affection, care, kind-heartedness, insecurities, sorrow, and disgust. As his art is often referred to as autobiographical, his characters are real and we can find them in our neighbourhood. The incomparable way in which he alters the unexciting, dull things in our everybody life into something really striking and interesting fascinate not only the common reader but also the literary world. Travelling and communication with masses is equally important for humanity which makes one socially upgraded and sometimes may give birth to inventive artists like Ruskin Bond.

Special Committee to Investigate Organized Crime in Interstate Commerce, 1950 **The Best Short Stories of 1919** Edward Joseph Harrington O'Brien, 1920 **Small Steps, Huge Changes** Phyllis Reed, 2011-03-23

What is a sacred moment? Is it a big sudden change in the direction of your life or your physical or mental state? Or is it a moment in which you understood your fears or made a choice to let something go? We may find our lives full of fear, hurt, or pain of loss, and even though these daily experiences have not caused major earthquakes or volcanic eruptions around the world, it is in these moments of our daily lives that we must look for our answers. In *Small Steps, Huge Changes: The Extraordinary Moments of an Ordinary Life*, writer Phyllis Reed shows us how it is possible to discover healing and joy by choosing to take just one small, courageous step. Through reflections, remembrances, poems, and vignettes, Reed tracks her own small steps through realms as varied as love, parenthood, loneliness, fear, and connecting to places, other people, and holy presence. Each true story told in Reed's conversational, nurturing tone is a tribute to those who have found ways to live happily and healthily after great difficulties. To see the extraordinary in their everyday experiences, taken as a whole, these moments of rising and falling of joy and defeat become our sacred lives. Our sacred moments are our greatest gifts, and the choice is ours to step forward and accept and learn from them.
