It's Nothing, Seriously John McGreal,2016-04-21 It s Silence Soundly It s Nothing Seriously and It s Absence Presently continue The It Series published by Matador since The Book of It 2010 They constitute another stage in an artistic journey exploring the visual and audial dialectic of mark word and image that began over 25 years ago In their aesthetic form the books are a decentred trilogy united together in a new concept of The Bibliograph All three present this new aesthetic object which transcends the narrow limits of the academic bibliography The alphabetical works also share a tripartite structure and identical length The Bibliograph itself is characterised by its strategic place within each book as a whole as well as by the complex variations in meaning of the dominant motifs nothing ness absence and silence which recur throughout the alphabetical entries that constitute the elements of each text It s Nothing Seriously for example addresses the amusing paradox that so much continues to be written today about nothing The aleatory character of the entries in the texts encourage the modern reader to reflect on each theme and to read them in a new way The reader is invited as well to examine their various inter textual relations across given conventional boundaries in the arts and sciences at several levels of physical psychical social reproduction *American Book Publishing Record* ,1997-09

We Keep Us Safe Zach Norris,2020-02-04 A groundbreaking new vision for public safety that overturns more than 200 years of fear based discrimination othering and punishment As the effects of aggressive policing and mass incarceration harm historically marginalized communities and tear families apart how do we define safety In a time when the most powerful institutions in the United States are embracing the repressive and racist systems that keep many communities struggling and in fear we need to reimagine what safety means Community leader and lawyer Zach Norris lays out a radical way to shift the conversation about public safety away from fear and punishment and toward growth and support systems for our families and communities In order to truly be safe we are going to have to dismantle our mentality of Us vs Them By bridging the divides and building relationships with one another we can dedicate ourselves to strategic smart investments meaning resources directed toward our stability and well being like healthcare and housing education and living wage jobs This is where real safety begins In this book Zach Norris provides a blueprint of how to hold people accountable
