## **When Rivers Dance Like Promises:**

**When Rivers Dance Like Promises** Nekesa Sepiwe, 2005-08-01 Joseph and Daniel had been companion angels since the beginning of time They had been together for so long that they existed as one Joseph and Daniel were not ordinary angels They were among the best of God's army of heavenly healers Then at that fateful point in time at the turn of a century and the dawn of a new millennium the ultimate call was sounded I need a faithful one to stand in the gap thundered the great and mighty voice I need a man not an angel to fight these sexual bondages Humanity's vision has become clouded by denial and convenience This destroyer of individuals and families must stop These bondages are contraception incest and illegitimacy You cannot do this Daniel spoke to Joseph from the silence of his heart This is not to be an angel taking human form This is an angel becoming a man It holds no guarantee of return A human will is naturally opposed to God It takes extraordinary human strength to give his will completely over to God Most are destroyed by that fierce battle alone You'll be lost for sure and that's not even the battle that needs to be fought

**Records of a vanished life. Lectures, addresses, etc., of James Colton Yule ... A memoir, by his wife [i.e. Pamela S. Yule]. A funeral sermon. By Rev. R. A. Fyfe, etc** James Colton YULE, 1876 *River of Promise, River of Peril* John E. Thorson, 1994 Snaking 2 540 miles from Montana to the Mississippi River the Missouri is the longest waterway in the nation Its basin stretching 530 000 square miles extends broadly into ten states and twenty five Indian reservations For millions of years the river and its tributaries meandered untamed But that irrevocably changed with the passage of the Pick Sloan Plan part of the Flood Control Act of 1944 In *River of Promise River of Peril* John Thorson takes the first comprehensive look at how and why the Missouri River basin now with six major dams and hundreds of miles of navigation canals has become one of the most significantly altered drainage systems in the country He also looks at the consequences The Pick Sloan Plan he argues has not fared well over time particularly in its failure to provide an effective blueprint for regional river management Persistent conflicts over the river he contends illuminate important weaknesses of federalism in dealing with regional resources the most glaring being the exclusion of any proactive role for Indian tribal governments To support his argument Thorson examines the physical demographic and political features of the river basin analyzes the comprehensive river development that gave birth to the Pick Sloan Plan reveals why the original goals of the legislature were never achieved explores the deep seated and continuing tensions between basin governments and investigates how Indian tribes the river's ecology and federalism have been damaged as the river has been developed He also describes the various associations created and later abandoned from the sixties to the eighties and assesses their virtues and limitations Thorson sees in the story of the Missouri River Basin the vertical and horizontal strains of federalism the states chafing against federally mandated and controlled projects exacerbated by the lack of constitutional guidance for handling conflicts among neighboring states and with Indian nations Not just bent on spotlighting problems Thorson also evaluates different approaches for improved river system management and recommends a Missouri River

management institution based on environmentally sensitive policies a strong state role and full participation by the basin s tribal governments

**Cadaver River** R. Steven Page,2011-07 Scarred by a tragic childhood accident beautiful Creole zoologist Dr Marie LaCour throws her energies into running her Crocodile Habitat in the bucolic community of Cane River Louisiana But the mutilated bodies piling up throw a wrench into her plans as frightened residents naturally finger her large toothy reptiles as the culprit With the help of heartthrob journalist Grant Metoyer Marie bypasses the bungled investigation of Lt Frank Sarpy and does a little snooping of her own She soon finds that the ghosts of the past can stir restlessly thrust matted hands through the loam and come back to haunt Soon Marie and Grant find themselves targeted by both Sheriff s deputies and a mysterious throwback a drawing noose that they avoid only by becoming as close as lovers At the explosive climax Marie s life is again deeply altered and she discovers that the harrowing experiences have strengthened her will to live and love again
