The Power of Conscious Living Sandra Kendrew, 2012-01-30 The world is going through difficult and challenging times, as is humanity, which is awakening rapidly. The Earth is a reflection of each and every one of us, and vice versa. We need to start healing the world by changing our thoughts, beliefs, and living consciously in every moment. Once we create a shift in our own consciousness, as this book will show, we will change the world and regain peace and harmony. Find the key to true, lasting happiness in this book and enjoy the freedom, truth, and awakening as you read it. We have the choice in life: just exist, give up and die, or take an evolutionary leap, go beyond limiting beliefs, find the truth, and free yourself. Become a co-creator of your life, not a victim to anyone or anything. Rewrite your life script and live life consciously in each moment. Stop just existing, and miracles will happen. There is cellular intelligence that is communicating constantly throughout the body, which leads us to know that the information in cells, genes, and DNA can be changed. Learn how to release yourself from emotional bondage, once and for all. Develop your intuition, heal yourself, others, and detrimental environmental energies causing ill health. Included with this life-changing information are easy-to-follow exercises to incorporate into your life. Start now, awaken, and live consciously.
