Primetime Blues Donald Bogle, 2015-08-18

Insightful a valuable chronicle the first comprehensive history of African Americans on network television New York Times Book Review A landmark study by the leading critic of African American film and television Donald Bogle's *Primetime Blues* examines the stereotypes which too often continue to march across the screen today but also shows the ways in which television has been invigorated by extraordinary black performers whose presence on the screen has been of great significance to the African American community Bogle's exhaustive study moves from the postwar era of Beulah and Amos n Andy to the politically restless sixties reflected in *I Spy* and an edgy ultra hip program like *The Mod Squad* He examines the television of the seventies when a nation still caught up in Vietnam and Watergate retreated into the ethnic humor of *Sanford and Son* and *Good Times* and the politically conservative eighties marked by the unexpected success of *The Cosby Show* and the emergence of deracialized characters on such dramatic series as *L A Law* Finally he turns a critical eye to the television landscape of the nineties with shows such as *The Fresh Prince of Bel Air* *Il Fly Away* *ER* and *The Steve Harvey Show*

American Countercultures: An Encyclopedia of Nonconformists, Alternative Lifestyles, and Radical Ideas in U.S. History Gina Misiroglu, 2015-03-26 Counterculture while commonly used to describe youth oriented movements during the 1960s refers to any attempt to challenge or change conventional values and practices or the dominant lifestyles of the day This fascinating three volume set explores these movements in America from colonial times to the present in colorful detail *American Countercultures* is the first reference work to examine the impact of countercultural movements on American social history It highlights the writings recordings and visual works produced by these movements to educate inspire and incite action in all eras of the nation's history A Z entries provide a wealth of information on personalities places events concepts beliefs groups and practices The set includes numerous illustrations a topic finder primary source documents a bibliography and a filmography and an index

TV in the USA Vincent LoBrutto, 2018-01-04 This three volume set is a valuable resource for researching the history of American television An encyclopedic range of information documents how television forever changed the face of media and continues to be a powerful influence on society What are the reasons behind enduring popularity of television genres such as police crime dramas soap operas sitcoms and reality TV What impact has television had on the culture and morality of American life Does television largely emulate and reflect real life and society or vice versa How does television's influence differ from that of other media such as newspapers and magazines radio movies and the Internet These are just a few of the questions explored in the three volume encyclopedia *TV in the USA: A History of Icons Idols and Ideas* This expansive set covers television from 1950 to the present day addressing shows of all genres well known programs and short lived series alike broadcast on the traditional and cable networks All three volumes lead off with a keynote essay regarding the technical and historical features of the decade's covered Each entry on a specific show

investigates the narrative themes and history of the program provides comprehensive information about when the show started and ended and why and identifies the star players directors producers and other key members of the crew of each television production The set also features essays that explore how a particular program or type of show has influenced or reflected American society and it includes numerous sidebars packed with interesting data related information and additional insights into the subject matter

Race in American Television David J. Leonard, Stephanie Troutman Robbins, 2021-01-26 This two volume encyclopedia explores representations of people of color in American television It includes overview essays on early classic and contemporary television and the challenges for developments related to and participation of minorities on and behind the screen Covering five decades this encyclopedia highlights how race has shaped television and how television has shaped society Offering critical analysis of moments and themes throughout television history *Race in American Television* shines a spotlight on key artists of color prominent shows and the debates that have defined television since the civil rights movement This book also examines the ways in which television has been a site for both reproduction of stereotypes and resistance to them providing a basis for discussion about racial issues in the United States This set provides a significant resource for students and fans of television alike not only educating but also empowering readers with the necessary tools to consume and watch the small screen and explore its impact on the evolution of racial and ethnic stereotypes in U S culture and beyond Understanding the history of American television contributes to deeper knowledge and potentially helps us to better apprehend the plethora of diverse shows and programs on Netflix Hulu YouTube and other platforms today

New York, 1999-04

What Really Happened to the 1960s Edward P. Morgan, 2010-11-18 Wherever we turn these days we encounter reminders of the sixties They re invoked in presidential campaigns American military actions and outbursts of mass protest We re bombarded with media saturated anniversaries of iconic events from JFK s inauguration and assassination to urban riots and Woodstock But as Edward Morgan suggests these references offer little more than an endless stream of distracting imagery that has more to do with today s politics and economics than with the reality of yesterday s social movements In his provocative look at mass media s connection with those turbulent years Morgan simultaneously seeks to explain what happened in the 1960s and what happened to how we remember it His comprehensive overview and critical analysis reveal how the mass media have shaped the popular image of a raucous decade in ways that have curtailed its promise of democracy Morgan s in depth study of sixties social movements and their depictions in corporate America s print media film and television helps to explain why the past still provokes deep emotions even antagonism half a century later He blends history sociology political science media and cultural studies and critical theory to explain why the 1960s have been so virulently targeted particularly by critics on the right who blame today s self indulgent culture on baby boomers and sixties permissiveness instead of the real culprits consumer driven capitalism and neoliberal politics Emphasizing the tensions between capitalism and democracy Morgan investigates the fate of democracy in

our media driven culture first by examining the ways that the 1960s were represented in the media at the time then by exploring how popular versions of the sixties have glossed over their more radically democratic qualities in favor of sensationalism and ideological constructions He reminds us of what really happened then shows us how the media trivialized and satirized those events co opting and commercializing the decade s legacy and in doing so robbing it of its more radical democratic potential By revisiting this chapter of the past Morgan shows that it has much to tell us about where we are today and how we got here Whether you lived through the sixties or only read about them or only saw Hollywood s version of them in Forrest Gump this book will put their lessons in clearer perspective
