

The background is a composite image. At the top, a sunset with a large, bright sun in a red and orange sky is visible over a cityscape with buildings. Below this, a large American flag with stars and stripes is draped across the bottom half of the image. In the lower right quadrant, a black Star of David is superimposed over the flag's stripes. The title text is centered over the cityscape and flag.

**The Moledet Solution** James Haddad,2000-11-13 Imperial Israel and the Palestinians Nur Masalha,2000-07-20 A critical history of Israel's expansionist politics that reveals how imperialist tendencies run the gamut from Left to Right

**Between the Lines** Taufic Haddad,Tikva Honig-Parnass,2010-11 This compilation of essays edited by a Palestinian writer and an Israeli journalist constitutes a challenge to critically rethink the Israeli-Palestinian conflict *Between the Lines* presents a groundbreaking study that brings together insights from across the lines of conflict to put the latest chapter of Israeli apartheid and Palestinian resistance into context Contributors include Marwan Barghouti Dr Azmi Bishara Dr Sami Shalom Chetrit Dr Saleh Abdel Jawwad Husam Khader Eileen Kuttub Dr Yitzhak Laor Dr Adi Ophir Dr Ilan Pappé Linda Tabar Graham Usher and Dr Jamal Zahalqa The Israeli-Palestinian Conflict R. Halwani,T. Kapitan,2007-12-14 This book addresses the ongoing conflict among Israeli Jews and Palestinian Arabs from a philosophical perspective The authors argue that ignoring justice and failing to address violations of rights including the rights of both Palestinians and Israelis to live securely and freely then a lasting solution to the conflict will remain elusive Israel at the Polls, 1992 Daniel Judah Elazar,Shmuel Sandler,1995 The results of the June 1992 Israeli elections at first indicated a normal transition of power from Likud to Labor in the tradition of Western democracies rather than an upset However one and one half years later there were signs of a major change *Israel at the Polls 1992* looks at the parties election campaigns major institutions and analyzes the policies of the new government's first year Co published with the Jerusalem Center for Public Affairs *Disengagement and what After?* Shlomo Hasson,2005 *Transactions* Institute of Marine Engineers,1964 Includes Annual report *The Settler* ,1959 **Marine Engineering and Shipbuilding Abstracts** ,1959 *The Ascendance of Israel's Radical Right* Ehud Sprinzak,1991 The Israeli people were stunned in 1984 when they learned of a barely averted plot to blow up five buses full of Arab passengers and an earlier attempt to blow up the Dome of the Rock the holy Muslim mosque in Jerusalem Even more shocking was the discovery that the terrorists in question were not a bizarre radical sect but members of the Gush Emunim the Block of the Faithful a fundamentalist group committed to establishing Jewish settlements in the West Bank For the first time Israelis had to confront the fact that the rise of the Radical Right and the religious fundamentalism extreme nationalism and aggressive anti Arab sentiment associated with it was becoming a significant part of the nation's public life The first book to examine the origins convictions and political impact of the entire Radical Right *The Ascendance of Israel's Radical Right* provides extraordinary insights into a political camp whose influence pervades Israeli politics and culture as well as Arab-Israeli relations Sprinzak traces the Zionist roots of the Radical Right and its reemergence following the Six Day War and the Camp David accords He examines the increasing control of the Radical Right over the settlements in the West Bank its penetration of more moderate parties such as Likud and the National Religious Party and its reaction to the Intafada and the Persian Gulf Crisis With in depth portraits of the major movements including the Tehiya Tzomet and Moledet parties

Gush Emunim and the late Meir Kahane and his Kach party and various underground or terrorist groups he sheds new light on the people and events which produce such intense fervor and on their political beliefs for instance the views that Arabs should be transferred from the occupied territories and that Israel was founded to establish a safe home for the Jews not to protect the human rights of the Palestinians Sprinzak argues that approximately 20 to 25 percent of Israeli citizens share the convictions of the Radical Right and that it is especially strong among the young Indeed as the message of this camp spreads throughout the country Sprinzak predicts that the Radical Right's impact on Israeli politics and national security will only increase As The Ascendance of Israel's Radical Right shows the Radical Right is not as is often thought a small lunatic fringe but a major school of Israeli Zionism whose ideas are propagated by sophisticated and thoughtful leaders with large public appeal Understanding what the Radical Right has already achieved and how it is currently shaping much of Israel's government agenda is important for every Israeli and Arab as well as anyone who is concerned with the future of the Middle East

**JPRS Report**, 1992    Engineering Abstracts, 1962    **How Political Parties Work** Kay Lawson, 1994-10-30 This important volume examines the inner dynamics of political parties with the intention of finding out how parties really work Specialists on Germany France New Zealand Norway Japan India Belgium Israel Poland Britain and the United States provide analyses of the ways in which power is developed and exercised in those countries who is trying to do what within the party and by means of the party and how successful they are Political parties are not monoliths as they have tended to be treated in party system research rather they have differentiated internal structures layers and levels and on each of these the motivations and objectives of the participants may be very different By looking within these authors provide an understanding of the internal play of party power and why parties function as they do within the broader political arena
