**The Mountain of the Moon** Bibhutibhushan Bandopadhyay,2020-01-06 The mountain of the moon is a story about taking a chance dare which with its wings of imagination leads you to the silver lining after a storm Shankar an ordinary young boy from rural India crosses many skies and seas to explore an altogether different world africa There he joins a seasoned Portuguese Explorer Diego alvarez on a daring mission But is the destination worth the toil of the journey Moreover will Shankar get to the peak of his mountain of dreams The Storyline with a series of adventures is a testimony to the eternal virtues of courage curiosity and compassion It gradually becomes a tantalizing tale of an unusual friendship that evolved in the spectacular but dangerous African forests and grasslands teeming with mysterious wildlife people and their folklores Experience this classic adventurous narrative in English that will lead you again to an era of picaro when one dared to dream This book has also been adapted into a popular Bengali movie *The Mountain That Was Carved, Not Built* Eleanor Whitmore,2026-02-24 The Mountain That Was Carved Not Built is a profound and immersive journey into one of the greatest achievements of human history the Kailasa Temple a complete temple carved from a single mountain Unlike ordinary history books this work does not rush to explain It slows down It listens It traces how patience discipline faith and human endurance transformed solid rock into a living monument that has survived centuries of time weather and change Written in rich story style historical English this book explores how an entire mountain was carved downward into a temple why the builders chose carving instead of construction the human effort restraint and planning behind the work how time became a collaborator rather than an enemy why the temple still matters in the modern world This is not a guidebook This is not a technical manual It is a meditation on stone silence and meaning on what becomes possible when human beings choose to build for eternity rather than speed recognition or power Perfect for readers interested in ancient Indian history and architecture rock cut temples and monolithic structures Hindu heritage and sacred spaces ancient engineering and human endurance philosophy of time restraint and creation The Mountain That Was Carved Not Built invites readers to step inside a carved mountain and encounter a question that still echoes today What are we willing to build that time itself would agree to keep Surficial Geology and Geomorphology of the Mountain Lake Area, Giles County, Virginia, Including Sedimentological Studies of Colluvium and Boulder Streams Hugh H.
