spiritual and ethical belief systems have to say about modern medicine's approach to the end of life. Do all major religions characterize the afterlife in similar ways? How do funeral rites and rituals vary across different faiths? Now there is one resource that gathers leading scholars to address these questions and more about the many religious, ethical, and spiritual aspects of death, dying, and bereavement in America. *Religion, Death, and Dying* compares and contrasts the ways different faiths and ethical schools contemplate the end of life. The work is organized into three thematic volumes: first, an examination of the contemporary medicalized death from the perspective of different religious traditions and the professions involved; second, an exploration of complex, often controversial issues including the death of children, AIDS, capital punishment, and war; and finally, a survey of the funeral and bereavement rituals that have evolved under various religions.

Death All Around: S. T. Meier, 2015-08-27 Ten-year-old Grace recounts to the psychologist her woeful tale of becoming an orphan. Grace describes each of her family members and discusses how the tragedy unfolded. In an already unhappy household, evil comes alive when Grace's father, Luke, discusses with her at the hanging site the specifics of the deplorable event resulting in the death of hundreds. The hateful act of hanging has led the town into being a hotbed for holding the earthbound dead as prisoners for eternity. Each situation leads to another darker, more sinister event when the dead come alive.

Our Dad Died Amy Dennison, 2003 Three children, ages eight, twins, and four, describe how their lives changed when their father died suddenly two years earlier and offer practical advice for overcoming loss and moving on with life. Amy and Allie, twins, were eight years old, and their brother David was four when their father suddenly died in his sleep. Encouraged and guided by their mother, the three children kept a journal for almost two years. They wrote about the night he died, the funeral, the first week, the first year, the cemetery, their thoughts and feelings, their sadness and grief, and the future. Later, they looked back on what they had written and added new reflections. They also offered suggestions for anyone who has experienced a similar loss, all from a kid's point of view. Amy, Allie, and David are real children whose lives were abruptly and forever altered. They have chosen to share their pain and learning, wisdom, and strength. If you've lost a loved one or know someone who has, their words can help.
