# Psychoanalysis

JIVITESH VASHISHT

Psychoanalysis has served as a time-tested, albeit occasionally contentious, method for interpreting a range of literary and cultural works, but how might we account for its own textual cultures and practices? For that matter, are psychoanalytic and literary genres distinct entities, or is their interface significantly more porous than we might imagine at first? In what follows, I review four critical texts published in 2020 (a double issue of a journal and two monographs) that grapple with various aspects of these questions and offer rich, formally attentive studies of psychoanalytic writing and its entanglements with literary genres such as the novella, memoir, and autobiography. The review is organized into four sections: 1. Introduction. *Psychoanalysis: A Writing Cure?* 2. After John Forrester: Reopening the Psychoanalytic Case, which discusses Felicity Callard and Chris Millard's guest-edited issue of *History of the Human Sciences* entitled *Thinking In, With, Beyond, and Across Cases with John Forrester*; 3. The Freudian Case History and its Literary Legacies, devoted to Arne Höcker's *The Case of Literature: Forensic Narratives from Goethe to Kafka*; and 4. Recovering the Analysand's Voice, which explores Anat Tzur Mahalel's *Reading Freud's Patients: Memoir, Narrative, and the Analysand*.

### 1. Introduction. *Psychoanalysis: A Writing Cure?*

Adam Phillips opens his 2002 collection of essays, *Equals*, with the claim that psychoanalysis is a 'listening cure' as much as a 'talking cure', before proceeding to redescribe analytic work aphoristically as 'an agreement that two people will bear together the consequences of their listening (to themselves and each other)' (p. 2). And yet there also exists another line of thinking that privileges writing—the process as well as the product—over speaking and listening as the conceptual, historical, and clinical substratum of psychoanalysis as envisioned by Sigmund Freud. Most iterations of this argument are, by now, over-familiar. In 'Freud and the Scene of Writing' (1967), for instance, Jacques Derrida

**Writing in Psychoanalysis** Emma Piccioli, 1996 A collection of papers on literature written from a variety of psychoanalytic perspectives by analysts from across the world *Between Author and Reader* Stanley J. Coen, 1994 In *Between Author and Reader* a psychoanalyst demonstrates through a series of careful readings that a psychoanalytic reading of a literary work in which one is aware of the response the writer is trying to elicit from the reader greatly enhances one's understanding of the work Coen asks what the author and the reader want from each other and how they cope with these needs in their literary encounters

**The Writing Cure** Emma Lieber, 2021-11-18 In *The Writing Cure* Emma Lieber tells the story of her decade long analysis and her becoming a psychoanalyst by tracing dreams scenes and signifiers that emerged from her analysis while also undertaking critical explorations of works of psychoanalytic theory and literary texts *The Writing Cure* thus articulates what psychoanalysis does for its patients by writing the moment of its

termination in real time performing the convergence of theory and life on which psychoanalysis itself balances Throughout Lieber considers what psychoanalysis the talking cure has to do with writing the foundation of psychoanalysis on Freud's distinctive writing practice what it means to write oneself as a psychoanalyst the extent to which the cure involves a new kind of self writing Most broadly *The Writing Cure* asks What would it look like to write your way to the end of an analysis Is it possible to write yourself into the position of psychoanalyst Is it possible to write your cure *The Writing Cure* Mark Bracher,1999 For cultural workers teachers critics and others who want to work for positive social change a psychoanalytic writing pedagogy offers the opportunity to undermine the psychological roots of many social problems including intolerance and various forms of self destructive behavior *Psychoanalysis, Intersubjective Writing, and a Postmaterialist Model of Mind* Dan Gilhooley, Frank Toich,2019-09-23 In this in depth and unique collaboration between a patient and his psychoanalyst *Psychoanalysis Intersubjective Writing and a Postmaterialist Model of Mind I Woke Up Dead* examines the unconscious mind by analysing the patient's novel written during his treatment as the focus Using the patient's creative writing and their intersubjective relationship as evidence Dan Gilhooley and Frank Toich show how psychoanalysis fits within a postmaterialist model of mind In this ground breaking exploration Gilhooley and Toich together demonstrate how a nonlocal unconscious can reshape the psychoanalytic conception of the mind Split into four parts Intersubjective Quantum History and Collaboration Dan introduces three themes in the first recovery from death the intersubjective nature of therapeutic work and the role of creative imagination combining these themes with analysis of Frank's work and short related stories from his own life Part II Quantum introduces the concept of nonlocality to describe the mind and draws on the appearance of quantum physics in Frank's science fiction before moving onto Part III History which examines the emergence of psychoanalysis out of animal magnetism looking at rapport telepathy and love in psychotherapy Finally Collaboration discusses their ongoing psychotherapeutic experiment the role of imagination dissociation and the cosmic mind in psychological growth Interweaving creative writing psychoanalytic theory and real life stories the book re contextualizes the history and future of psychoanalysis Due to its multidisciplinary nature this book will appeal to psychotherapists and psychologists in practice and in training It would also be a vital resource for academics and students of counseling consciousness studies psychoanalysis psychotherapy and psychology *Writing and Madness* Shoshana Felman,1985

**Writing and Psychoanalysis** John Lechte,1996 This new Reader provides a wealth of material for study giving access to some of the most profound interpretative writing of the post war era Some of the texts by Foucault and Kristeva are available in English for the first time Others such as key texts by Freud are classics in the field Together they illuminate the intersection between writing and psychoanalysis making vivid the symbiotic relationship and the effect of the fusion on both

**Beckett, Lacan and the Mathematical Writing of the Real** Arka Chattopadhyay,2019-01-01 Beckett Lacan and the Mathematical Writing of the Real proposes writing as a mathematical and logical operation to build a bridge between

Lacanian psychoanalysis and Samuel Beckett's prose works Arka Chattopadhyay studies aspects such as the fundamental operational logic of a text use of mathematical forms like geometry and arithmetic the human obsession with counting the moving body as an act of writing and love and sexuality as a challenge to the limits of what can be written through logic and mathematics Chattopadhyay reads Beckett's prose works including *How It Is* *Company* *Worstward* *Ho Malone Dies* and *Enough* to highlight this terminal writing which halts endless meanings with the material body of the word and gives Beckett a medium to inscribe what cannot be written otherwise

**Psychodynamics of Writing** Martin Weegmann, 2018-08-06 Psychoanalysis is often referred to a talking cure but in this fascinating book it is the art of writing that is discussed and explored Including contributions from a selection of leading therapists the book shines a psychoanalytic light on the very process through which the discipline is described It includes chapters on the idea of creativity the issues around a therapist's subjectivity the challenges of describing trauma as well as those of co authorship *Psychodynamics of Writing* will appeal to clinicians therapists and anyone interested in what the process of writing means

Writing Through Repression Michael G. Levine, 1994 What does it mean to treat a dream as a censored text Why does Freud turn to the realm of politics when attempting to describe dreams and the forces that shape them What happens to the concept of censorship when it enters Freudian discourse Is its political significance lost in translation or does Freud's borrowing somehow render enigmatic what we thought we understood under the name of censorship and under the name of borrowing In *Writing Through Repression* Michael Levine juxtaposes readings of psychoanalytic literary and critical texts to explore these questions Rather than seeking to extract a particular notion of censorship from Freud in order to apply it elsewhere he argues that it is more instructive to examine the difficulties Freud has in coming to terms with this notion It is through such difficulties he suggests that Freud's text opens a different kind of dialogue with the writings of Heine Benjamin and Kafka one that opens each to the challenge and solicitation of the other

Still Crazy After All These Years Rachel Bowlby, 1992 **The Loss of Self** Jean-Francois Chiantaretto, 2025-04 *The Loss of Self* considers distinctions and connections between the writing of survival and survival as a mode of being and thinking encountered in analytic work with borderline patients Jean Fran cois Chiantaretto draws a parallel between Freud's use of writing in constructing the psychoanalytic edifice and the way each analyst may turn to writing when reflecting on a patient's analysis With close reference to the writings of Imre Kert esz the book brings a unique perspective to the literary and historical concept of survival *The Loss of Self* will be of interest to psychoanalysts in practice and in training *Writing, Speech and Flesh in Lacanian Psychoanalysis* Shirley Zisser, 2021-09-13 This book explores the place of the flesh in the linguistically inflected categories of Freudian and Lacanian psychoanalysis drawing explicit attention to the organic as an

inherent part of the linguistic categories that appear in the writings of Freud and Lacan Lacan's return to Freud famously involves a linguistic turn in psychoanalysis The centering of language as a major operator in psychic life often leads to a dualistic or quasi dualistic view in which language and the enjoyment of the body are polarized Exploring the intricate connections of the linguistic and the organic in both Lacanian and Freudian psychoanalysis from its beginnings Zisser shows that surprisingly and not only in Lacan's late teaching psycho-linguistic categories turn out to be suffused with organicity After unfolding the remnant of the flesh in the signifier as a major component of Lacan's critique of Saussure using visual artworks as objective correlatives as it does so the book delineates two forms of psychic writing These are aligned not only with two fundamental states of the psychic apparatus as described by Freud pain and satisfaction but with two ways of sculpting formulated by Alberti in the Renaissance but also referred to by Freud Continuing in a Derridean vein the book demonstrates the primacy of writing to speech in psychoanalysis emphasizing how the relation between speech and writing is not binary but topological as speech in its psychoanalytic conception is nothing but the folding inside out of unconscious writing Innovatively placing the flesh at the core of its approach the text also incorporates the seminal work of psychoanalyst Michèle Montrelay to articulate the precise relation between the linguistic and the organic Writing Speech and Flesh in Lacanian Psychoanalysis will be indispensable to psychoanalysts literary theorists rhetoricians deconstructionists and those studying at the intersection of psychoanalysis language and the visual arts

**Sabina Spielrein and the Poetry of Psychoanalysis** Michael Plastow, 2018-12-07 Sabina Spielrein who has been mostly known for her relation with her analyst Carl Jung came to the attention of the wider public following the discovery and publication of some of her diaries and personal letters some 40 years ago The focus on her relationship with Jung and her personal story have consequently led to a neglect of her writings with many of her crucial texts even remaining untranslated into English Sabina Spielrein and the Poetry of Psychoanalysis seeks to re address this distortion of her legacy by examining her original contribution to the field such as her early analytical work with children Spielrein referred to moments of intimacy between herself and Jung as poetry Indeed as a response to what can be considered the inevitable failure in her relationship to Jung Spielrein wrote poetry and songs notes and theoretical papers These writings are examined here as her means of finishing her own analysis She was the first person to become an psychoanalyst through her own psychoanalysis a path that would

later be recognised as a necessary part of the training for any analyst The book traces the poetry of Sabina Spielrein's writing through both its content and style examining the effect of these writings upon psychoanalysis and inserting them into a lineage of what Lacan would later call the *passee* a device that is open for the analysand to finish his or her analysis and accede to the place of psychoanalyst This book will be of interest to scholars and practitioners of psychoanalysis and other clinicians including those who work with children those interested in the early history of psychoanalysis and those concerned with women's writing more generally
