

# Social Institutions

Social institutions are the standardized patterns of behavior and organization in a society that fulfill basic social needs. Social institutions are established systems that regulate and guide behavior, often with the aim of promoting social stability and order.

## THEORY

Social institutions are characterized by their persistence over time and their relative independence from individual behavior. They provide individuals with a framework of social roles, rules, and expectations that guide their behavior and interactions with others. Social institutions also serve as

## EXAMPLES

Examples of social institutions include the family, education system, government, religion, mass media, and the economy.

Family provides a framework for intimate relationships, child-rearing, and socialization. It also regulates sexual behavior and provides emotional support to its members.
