Helena Petrovna Blavatsky

Solar Mystery:

The Solar Mystery Jeremi Wasiutyński, 2003 The author of this book has noted remarkable connections between 16th century Venetian painting and the secret symbolism underlying Copernicus revolutionary conceptions and links these discoveries about the secret hermetic knowledge of the time to situations in science today **The Secret Doctrine:**

Occultism Helena Petrovna Blavatsky, 1897 **The real meaning of the first line of Genesis** Helena Petrovna Blavatsky, 2019-09-17 There are two ways of rendering the first line of Genesis one way is exoteric by Christian Bible interpreters the other Kabbalistic divided into the Rabbinical and the purely Kabbalistic or Occult method Why Christians sing never ceasing laudations to the Mosaic Jews who repudiated all the other Gods preserved the most phallic and then most impudently proclaimed themselves Monotheists Jesus ever steadily ignored Jehovah and went against the Mosaic commandments He recognized his Heavenly Father alone and prohibited public worship Ralston Skinner's numerical analysis of the first sentence of Genesis on which hung in blind faith the whole Christian religion shows that the Bible was made to yield Phallicism and that alone To know the full septenary significance of the Primordial Circle the Pyramid and the Kabbalistic Bible must be read in the light of the figure on which the temples of India are built Genesis cannot yield anything higher or more sublime than phallic elements the root and the cornerstone of its dead letter meaning Anthropomorphism and Revelation dig an impassable chasm between the material world and the ultimate spiritual truths The so called creation of Genesis is not the Primary Creation and the Elohim are not God not even the higher Planetary Spirits but the Architects of this physical planet and of man's material body or encasement The Elohim far from being supreme or even exalted powers in Nature are only lower Angels This was the teaching of the Gnostics the most philosophical of all the early Christian Churches They correspond to the Prajapatis of the Hindus the fashioners of man's material and astral form only Mathers censures the translators of the Bible who have suppressed every single reference to the feminine form of Deity With the Occultists of the East the One and Changeless Parabrahman the Absolute All the ONE and Secondless cannot be conceived as standing in any relation to things finite and conditioned But what especially strikes the student of the Kabbalah is the malicious persistency with which the translators of the Bible have jealously crowded out of sight and suppressed every reference to the feminine form of the Deity They have as we have just seen translated the feminine plural Elohim by the masculine singular God They also concealed the fact that Ruah Spirit is feminine It then follows that the Holy Ghost of the New Testament is a feminine Potency In the Hebrew as in the Greek alphabet there are no distinct numeral characters and consequently each letter has a certain numerical value attached to it From this circumstance results the important fact that every Hebrew word constitutes a number and every number a word The conclusion of Mathers analysis of the Elohim is that they are not one nor two nor even a trinity but an army of Creative Powers Madame Blavatsky names the true Creators The First Born or Logos is not an Emanation but an Energy inherent in and co eternal with Parabrahman the ONE Thus it is not the ONE and Unconditioned

nor even Its reflection that creates but only the Seven Gods who fashion the Universe out of primordial Matter vivified into objective life by the reflection into it of the One and only Reality Jehovah is at best the Heavenly Man or Adam Kadmon used by the self created Spirit Logos as a chariot a vehicle in His descent to the phenomenal world of gross matter The Secret Doctrine and the Kabbalah are in perfect concordance in St Paul s Epistles The Zohar is not a genuine production of the Hebrew mind It is a veil over the Secret Doctrine The Zohar is the repository and compendium of the oldest doctrines of the East transmitted orally at first and then written down in independent treatises during the Captivity at Babylon and finally brought together by Rabbi Shimon ben Yohai toward the beginning of the Christian era Modern Christianity is Paganism pure and simple exoterically and transcendental and practical Magic or Occultism esoterically The Solar Trinity is not Mazdean but Universal and as old as man All temples in Antiquity were invariably made to face the Sun their portals opening to the East The last of the Solar Priests in Europe was the Imperial Initiate Julian now called the Apostate He tried to benefit the world by revealing a portion of the great mystery of the Solar Trinity and died for the same crime as Socrates The Roman Catholic Church stands accused not of worshipping under other names the Divine Beings worshipped throughout Antiquity but of declaring idolatrous not only the Pagans ancient and modern but every Christian nation that has freed itself from the Roman yoke Only the Philosophers who studied Astrology and Magic knew that the Last Word was to be sought in the Occult forces emanating from those constellations that are the physical bodies of Divine Beings The Secret Doctrine Helena Petrovna Blavatsky,2022-12-17 The Secret Doctrine Helena Petrovna Blavatsky s masterwork on the origin and evolution of the universe and humanity itself is arguably the most famous and perhaps the most influential occult book ever written Published since 1888 it has long eluded the grasp of modern readers until now A sourcebook of the esoteric tradition outlining the fundamental tenets of the Secret Doctrine of the Archaic Ages This title addresses the perennial questions continuity of life after death purpose of existence good and evil consciousness and substance sexuality karma evolution and human and planetary transformation *The Secret Doctrine* Helena Petrovna Blavatsky,1897 *THE LIGHT OF SELF: The Secret of Luminosity in Life, Death, and Beyond* Laing Z. Matthews,2025-11-09 The Light of Self Awakening the Inner Radiance of Consciousness By Laing Z Matthews There are books that tell you what to believe and books that teach you how to see The Light of Self belongs to the second kind Written as both revelation and reflection this seminal work explores light as the living essence of consciousness not as symbol or metaphor but as the original condition of existence itself Drawing from Daoist internal alchemy Hermetic cosmology Buddhist clear light meditation and modern physics Laing Z Matthews unveils the luminous continuum between cosmic radiance and human awareness The Structure of Illumination Divided into four movements The Mystery of Light The Anatomy of Luminosity Living in the Light and The Return to Source the book moves from cosmogenesis to embodiment guiding the reader through the physics and metaphysics of awakening Each chapter unfolds as a contemplative rhythm rather than argument blending philosophy neuroscience and sacred poetry into a

single act of remembrance that light does not come from the sun or stars but from the awareness that perceives them Key Insights The cosmological birth of light how darkness gives rise to illumination The Daoist anatomy of body breath and spirit as mirrors of Heaven and Earth The heart as the furnace of Dao where energy refines into virtue and compassion The alchemy of emotion sexuality and mortality into radiant consciousness Meditative methods for perceiving the white born of emptiness without leaving the body The final recognition that the light within the reader is the same light that reads these words A New Science of Seeing Like The Tao of Physics The Secret of the Golden Flower and The Radiance Sutras this work dissolves the boundary between mysticism and science Matthews language is both precise and devotional each page a mirror polished to reflect stillness itself The Light of Self can be read linearly or opened at random like scripture its rhythm is its message This is not a book of doctrine but of direct perception an experiment in awareness The Trilogy of Light The Light of Self stands as the first volume in Laing Z Matthews Trilogy of Light followed by The Light of the Worlds and The Womb of Light Together they form a modern cosmology of consciousness light not merely seen but lived **The Secret Doctrine** H. P. Blavatsky, 2011-05-19 A three volume synthesis of science religion and philosophy by one of the nineteenth century s most controversial spiritualists The 2012 Story John Major Jenkins, 2009-10-15 On December 21 2012 the Mesoamerican Long Count calendar a 5 125 year cycle calendar system pioneered by the Maya will come to an end At the same time the earth the sun and the center of the galaxy will come together in an extremely rare cosmic alignment More and more people believe that the world as we know it will experience a transformation in 2012 but few are aware of the complete history or significance of the date John Major Jenkins among the most authoritative voices of the 2012 movement has written a definitive explanation of one of the most thought provoking phenomena of our time Drawing from his own groundbreaking research including his involvement in the modern reconstruction of Mayan 2012 cosmology and more than two decades of extensive study of Mayan culture Jenkins has created the crucial guide to understanding the story of 2012 an essential overview of the history theory cultures and personalities that have brought this extraordinary idea into modern awareness Jenkins provides illuminating answers to some of the most asked questions about 2012 including How did the early Maya devise the calendar that gives us the cycle ending in 2012 and how does it work How did the calendar come to be rediscovered and reconstructed in our era What controversies and intrigues surround the topic and what do scholars and researchers have to say about them How can we cut through all the noise about 2012 and gain true wisdom from the Mayan teachings about this moment *Current Discussions in Science* William Mattieu Williams, 1883 The secret doctrine. Vol. 3 [comprising posthumous papers, ed. by A. Besant]. Elena Petrovna Blavatskaya, 1897 **Key Truths of Occult Philosophy** Marc Edmund Jones, 1925 **Gnosticism** Mary W. Barrie, 1926 **The New Age** ,1923 **Mysteries of Time and Space** Richard Anthony Proctor, 1883 **Lucifer** ,1893 **Melchizedek and the Mystery of Fire** Manly Palmer Hall, 1929 **Fuel of the Sun** William Mattieu Williams, 1890 *Treatise on Cosmic Fire* Alice A.
