Soledad Brother George Jackson, 1977 Soledad Brother George Jackson, 1976 *The Cage of Days* Michael G. Flaherty, K. C. Carceral, 2022-02-22 Prisons operate according to the clockwork logic of our criminal justice system we punish people by making them serve time The Cage of Days combines the perspectives of K C Carceral a formerly incarcerated convict criminologist and Michael G Flaherty a sociologist who studies temporal experience Drawing from Carceral s field notes his interviews with fellow inmates and convict memoirs this book reveals what time does to prisoners and what prisoners do to time Carceral and Flaherty consider the connection between the subjective dimensions of time and the existential circumstances of imprisonment Convicts find that their experience of time has become deeply distorted by the rhythm and routines of prison and by how authorities ensure that an inmate s time is under their control They become obsessed with the passage of time and preoccupied with regaining temporal autonomy creating elaborate strategies for modifying their perception of time To escape the feeling that their lives lack forward momentum prisoners devise distinctive ways to mark the passage of time but these tactics can backfire by intensifying their awareness of temporality Providing rich and nuanced analysis grounded in the distinctive voices of diverse prisoners The Cage of Days examines how prisons regulate time and how prisoners resist the temporal regime Captive Nation Dan Berger, 2014-11-14 In this pathbreaking book Dan Berger offers a bold reconsideration of twentieth century black activism the prison system and the origins of mass incarceration Throughout the civil rights era black activists thrust the prison into public view turning prisoners into symbols of racial oppression while arguing that confinement was an inescapable part of black life in the United States Black prisoners became global political icons at a time when notions of race and nation were in flux Showing that the prison was a central focus of the black radical imagination from the 1950s through the 1980s Berger traces the dynamic and dramatic history of this political struggle The prison shaped the rise and spread of black activism from civil rights demonstrators willfully risking arrests to the many current and former prisoners that built or joined organizations such as the Black Panther Party Grounded in extensive research Berger engagingly demonstrates that such organizing made prison walls porous and influenced generations of activists that followed **From Slave Ship to Supermax** Patrick Elliot Alexander, 2018 Introduction antipanoptic expressivity and the new neo slave novel Talking in George Jackson s shadow neoslavery police intimidation and imprisoned intellectualism in Baldwin s If Beale Street could talk Middle passage reinstated whispers from the women s prison in Morrison s Beloved Didn t I say this was worse than prison the slave ship Supermax relation in Johnson s Middle passage Tell them I m a man slavery s vestiges and imprisoned radical intellectualism in Gaines s A lesson before dying Epilogue the prison classroom and the neo abolitionist novel Social Controversy and Public Address in the 1960s and

Early 1970s Richard J. Jensen, 2017-10-01 The period between the 1960s and 1970s is easily one of the most controversial in American history Examining the liberal movements of the era as well as those that opposed them this volume offers analyses of the rhetoric of leaders including those of the civil rights movement the Chicano movement the gay rights movement second wave feminism and conservative resistance groups It also features an introduction that summarizes much of the significant research done by communication scholars on dissent in the 1960s and 1970s This time period is still a fertile area of study and this book provides insights into the era that are both provocative and illuminating making it an essential read for anyone looking to learn more about this time in America

Soledad Brother George Jackson, 1970 Segregated Time Philip J. Brendese, 2023 Although typically conceived in terms of space Segregated Time argues that racial segregation and inequality are also sustained through impositions on human time Drawing on a range of Africana Latinx and Indigenous political thought P J Brendese demonstrates the way in which time is weaponized against people of color and advances a theory of white time as a possessive acquisitive colonizing force Segregated Time critically examines the racialization of those defined as behind the times how racial others are cast out of time perpetually forced to do time in a carceral society and to perish in the segregated times of climate apocalypse
