Spirit Meadow:

The Journey Cheryl Shoquist,2018-05-30 People for years have studied the mysteries of life trying to unravel the truth behind the divine existence of human s where and when it started and how it evolved to where we are today Many people don t believe in reincarnation and yet many others do The possibility of the past life phenomenon is quite unique and puzzling To consider that we have all lived before had different lives lived in different times that is a fantastic conception In thought wouldn t it be wild and wonderful to have many different lives If we all knew that this was a reality would we disregard the difficult lives and choose to go on to the next If we knew that there was a do over so to speak what impact would that have on the one that we are living I find the whole conception of past lives exciting and intriguing This book is a fantasy story depicting the mysterious realms of past lives and how it could have all began I profess no specific knowledge or expertise on the subject Everyone has an opinion and this is mine I hope you enjoy the possibility of this wondrous depiction
