[The Spirit World Talks to Us](#) Brian Foster, 2016-11-26 The spirit world is talking to us each and every one of us Most of us are unaware of the subtle signals and soft voices that draw us to listen to our conscience But they are there ever hopeful that we may discover the truth about our sojourn on this blue planet Occasionally some of us are drawn up and out and given detailed information and in some cases instructions Spirit mentors people like us but now on the other side the reality are pulling for our successful education in the campus of earth These lucky few are given a timeout They were summoned from the classroom and given a dose of their true state who they are why they are here what they are supposed to learn and in some cases their specific mission The spirit world led by the Supreme Intelligence the Divinity God or the Matrix whatever name you wish to call it is guiding us Actively Precisely With compassion and love The spirit realm fully realizes our new found methods of social interaction and expects those who are exposed to the revelations to share them The twelve experiences not only unalterably changed those who lived them but brought back knowledge for all of us The experiences reviewed in this book layout exciting disclosures about the spirit world and ours We are told about heaven the different spiritual zones around the earth how karma is real and why we need multiple lives to learn to become a person who radiates love in all circumstances We learn that the concept of time is different in the spirit universe and about the basic building blocks of all matter In essence the inquiries that you have had since you began questioning your place in this universe are answered by spirits interacting with the chosen few
