Revelatory Events Ann Taves,2016-10-25 A leading scholar sheds critical light on the seemingly revelatory events behind new religions and spiritual movements Unseen presences Apparitions Hearing voices Although some people would find such experiences to be distressing and seek clinical help others perceive them as transformative Occasionally these unusual phenomena give rise to new spiritual paths or religious movements Revelatory Events provides fresh insights into what is perhaps the bedrock of all religious belief the claim that otherworldly powers are active in human affairs Ann Taves looks at Mormonism Alcoholics Anonymous and A Course in Miracles three cases in which insiders claimed that a spiritual presence guided the emergence of a new spiritual path In the 1820s Joseph Smith Jr reportedly translated the Book of Mormon from ancient gold plates unearthed with the help of an angel Bill Wilson cofounded AA after having an ecstatic experience while hospitalized for alcoholism in 1934 Helen Schucman scribed the words of an inner voice that she attributed to Jesus which formed the basis of her 1976 best selling self study course In each case Taves argues the sense of a guiding presence emerged through a complex creative interaction between a founding figure with unusual mental abilities and an initial set of collaborators who

were drawn into the process by diverse motives of their own A major work of scholarship this compelling and accessible book traces the very human processes behind such events

Spiritual Paths and Their Meditation Techniques Huaijin Nan,William Bodri,2010-11-13 The different spiritual schools and religions of the world promote a variety of final objectives in their teachings These final objectives can be as diverse as training you to achieve worldly predominance an immortal physical body a heavenly rebirth more perfect and compassionate human behavior samadhi attainments a reunion with God or what s called perfect and complete spiritual enlightenment There are many possible different final objectives for spiritual practitioners Most religions in the world also have their own special spiritual cultivation techniques To make spiritual progress you should know about these spiritual practices and meditation techniques as well as how to practice them correctly If you truly expect any progress on the road of spirituality it is essential that you engage in some form of meditation practice rather than depend on ceremonies rituals and religious rules of discipline for achievement However you must be able to differentiate between all the various meditation practices you might choose from as to their effectiveness you must know what to expect from their successful application and you must know how to practice them according to commonly recognized non denominational principles Basically you need to know how to practice spiritual techniques correctly and must do so This book will deeply delve into these matters and also examine the common errors that have typically developed in spiritual traditions over time With a review of both Eastern and Western traditions along with their most powerful cultivation techniques you will become equipped to avoid the same mistakes in your own spiritual practice and become able to resist through wisdom the most common falsities that tend to creep into these paths as they mature The ultimate objective of this book is to enable you to engage in spiritual practice correctly and ultimately achieve some genuine stage of high spiritual attainment

[Taking Charge of Your Spiritual Path](#) Nelle Moffett,Richard Bowers,2016-11 For both those who have found a spiritual home and for those who are still looking there is a need for spiritual seekers to have a better understanding of the process and principles of spiritual development If you want to do practices that have meaning for you and to be able to change your practice when something more or different is needed this book will provide you with some basic principles to help you take charge of your own spiritual path People are taking more

responsibility for managing their own finances their own psychological wellbeing and their own education Likewise it is possible now to take charge of one's own spiritual path In most spiritual paths the outcomes are often not made clear and the focus is placed on the practice itself without making the objective of the practice clear This is disempowering for you the practitioner But now we no longer have to stay stuck in this model The purpose of this book is to identify some common underlying objectives of true spiritual practices outside of the doctrine that surrounds them This book discusses the specific outcomes that different practices are designed to accomplish The great gift from this book was learning how to choose a spiritual practice to meet my current needs I especially appreciated the chapter about what to do when you fall into a hole The author's humor vulnerability and honesty made the book fun to read Mairi Ross Publisher MCE Publishing This book provides a wealth of support for the spiritual path a kind of pilgrim's backpack full of tools for the journey and maps to help you discover your own route Carolyn Altmann LCSW This is a great book for those struggling with the old messages of the past that no longer apply to the world as we know it Ted Lucas University Administrator and Professor I found the book to be very approachable and felt that I as reader was invited to have a comfortable conversation with the author Many terms and ideas were familiar The pace and flow of the text allowed me time between new ideas to have insights into my own past experiences The style did not exhort me to spill my guts journal my sins or accept guilt for past painful episodes in my life all of which was much appreciated The tone was gentle and hopeful After reading I feel encouraged and empowered to resume my spiritual path Carol Fleisher Musician and Spiritual Seeker A delightful spare treatment of a subject that often seems overly heavy and complex I had the sense I was in the hands of a caring wise friend Victoria Kindle Hodson Co Author Respectful Parents Respectful Kids I totally loved how this book captures the essence of so many spiritual and religious tenets and weaves them in a way that is not only clearly understood but empowering for those seeking truth John P Carvana Life Coach This book speaks to an authentic desire in a growing group of Americans Tricia Keen Executive Director of a non profit organization
