Union with Christ Sung Rual Choi,2023-11-13 Understanding union with Christ as a frame of thought as a motif or theme is important for accessing Calvin s theology While the union with Christ doctrine arises when Calvin explains the doctrine itself directly especially in light of soteriology the strong presence of this motif union with Christ union with the Triune God indicates its pervasiveness when other doctrines or theological themes are explained as well This book suggests that we approach the notion of union of Christ as a theological frame of thought that touches on most of the doctrines and theological themes of Calvin s theology This book deals with union with Christ as a motif or theme rather than as a doctrine

Life in Christ Mark A. Garcia,2008-04-01 In three wide ranging case studies Mark A Garcia offers a

comprehensive yet focused analysis of the centrality of union with Christ in Calvin's thought. It explains not only the distinctive nature of Calvin's response to Rome on justification but why this response must be carefully distinguished from that of his Lutheran counterparts. The fruit of these investigations is the first extensive demonstration that Calvin's exposition of union with Christ in relating justification and sanctification points to an emerging Reformed theology of justification that diverges from the Lutheran tradition. Calvin's exegetical and theological model of union with Christ accents the importance in the early Reformed tradition of the relationship between Christology and salvation.
