Finally, *The Oxford Desk Dictionary and Thesaurus* also contains a wide range of valuable appendices from the countries of the world and the Presidents of the United States to signs and symbols, the chemical elements, weights and measures with equivalency tables, and much more. Concise and easy to use, up to date and authoritative, *The Oxford Desk Dictionary and Thesaurus* is ideal for home or office for busy executives on the go and for students of all levels. Combining an comprehensive and thoroughly reliable dictionary of American English with full thesaurus coverage, this is an essential tool for anyone who wants to write with more variety, color, and precision.

This authoritative and up to date edition is the only integrated book of its kind in paperback with more than 150,000 entries that include definitions, synonyms, and appendices for signs and symbols, weights and measures, and more.
