## **The Irish Language:**

A Short History of the Irish Language Diarmuid Ó Breasláin, Pádraig Dwyer, 1995      **The Irish Language in Ireland** Diarmait Mac Giolla Chríost, 2004-03-01 This book comprises the first complete treatment of the Irish language in social context throughout the whole of Ireland with a particular focus on contemporary society The possibilities and limitations of the craft of language planning for the revival of the Irish language are outlined and the book also situates the language issue in the context of current debates on the geography history and politics of the nature of Irish identity A comprehensive multidisciplinary approach is adopted throughout      **Ireland as Gaeilge** Olga Balaeva, 2017-12-21 Are you confused by all the Irish language signs you see around you Do you wonder if and when the Irish actually speak Irish After spending thirteen years learning Irish in school why do so few Irish people actually speak it Ireland as Gaeilge tells the story of the Irish language in a popular and engaging way combining historical and linguistic facts with a light tone Written by a Russian linguist living in Ireland it gives an outsider's perspective on this most national of subjects Ireland as Gaeilge Explains the impact of Irish history on the fortunes of the Irish language Discusses the present state of the language Looks at everyday manifestations of Irish in Irish society Explores the linguistic peculiarities of Irish and how the English and Irish languages have influenced each other Examines the role of Irish in the international arena Ireland as Gaeilge will appeal to tourists especially those with Irish connections long term visitors residents international students and professionals and Irish people who are less familiar with the Irish language and are willing to give it a second chance      **The Irish Language in Society** Colmán Ó Huallacháin, 1991      **The Irish Language** Frederic Louis Otto Roehrig, 1884      **Who Needs Irish?** Ciarán Mac Murchaidh, 2004      *The Irish Language in Northern Ireland* Camille C. O'Reilly, 2016-07-27 A topical and authoritative investigation of the Irish language and identity in Northern Ireland The phrase our own language has come to symbolize the importance of the Irish language to Irish identity for many Nationalists in Northern Ireland However different interests compete to have their version of the meaning and importance of the Irish language accepted This book investigates the role of the Irish language movement in the social construction of competing versions of Irish political and cultural identity in Northern Ireland arguing that for some Nationalists the Irish language has become an alternative point of political access and expression      *A View of the Irish Language* Brian Ó Cuív, 1969      Christian Inscriptions in the Irish Language Margaret Stokes, 1878      *An introduction to the knowledge of the Irish language as now spoken* Patrick Lynch (of the Gaelic soc. of Dublin.), 1815      Contests and Contexts John Walsh, 2010 Despite being Ireland's national and first official language Irish is marginalised and threatened as a community language The dominant discourse has long dismissed the Irish language as irrelevant or even an obstacle to Ireland's progress This book critiques that discourse and contends that the promotion of Irish and sustainable socio economic development are not mutually exclusive aims The author surveys historical and contemporary sources particularly those used by the Irish historian J J Lee and argues that the Irish language contributes

positively to socio economic development He grounds this argument in theoretical perspectives from sociolinguistics political economy and development theory and suggests a new theoretical framework for understanding the relationship between language and development The link between the Irish language and Ireland s socio economic development is examined in a number of case studies both within the traditional Irish speaking Gaeltacht communities and in urban areas Following the spectacular collapse of the Irish economy in 2008 this critical challenge to the dominant discourse on development is a timely and thought provoking study

**An Introduction to the Irish Language** William Neilson,1845      **A Grammar of the Irish Language** John Molloy,1867      **The Irish Language in Society** Colmán L. O Huallacháin,1991      **Origins and development of language attitudes towards the Irish language in the Republic of Ireland** Sandra Beyer,2010-02-16

Master s Thesis from the year 2005 in the subject English Language and Literature Studies Linguistics grade 1 3 Birkbeck University of London language English abstract Abstract Given the existing relations between language attitudes and linguistic competence and places in the bilingual context of the Republic of Ireland Irish English the goal of the present study is twofold first attitudes towards the Irish language are described and second variables that can explain such attitudes are studied These include family language linguistic proficiency in Irish residence Gaeltacht vs Galltacht cultural identity socio educational background and gender In addition attitudes towards Irish and English will be compared A questionnaire that had been successfully used in other areas was adapted and used in a sample of 62 adult speakers of Irish about half of them N 27 coming from traditionally Irish speaking areas or Gaeltacht and the other half N 35 coming from English speaking areas or Galltacht 33 females and 29 males took part in the study The mean age was M 35 5 SD 10 35 All participants had undergone secondary education in the Republic of Ireland Globally results show neutral attitudes towards Irish and somewhat unfavourable attitudes towards English The information of the participants attitudes to the Irish language proved not to be correlated with any of the independent variables Possible intervening variables unaccounted for in the questionnaire design were suspected to be responsible for shaping the respondents Irish language attitudes An open ended question in the survey revealed great dissatisfaction over the way Irish is taught in schools as well as lament over the lack of opportunities to use the language in an everyday context

**The Irish Reports** ,1906      *A Grammar of the Irish Language* John O'Donovan,1845      **The Irish Language** John Edwards,2016-02-29

In compiling this bibliography the main purpose was to assemble references to published material of a sociolinguistic nature concerning the Irish language The intent was not to cover publications treating language per se but rather to consider those dealing with language in its social context Represented here are articles chapters books and pamphlets bearing upon social historical psychological and educational aspects of Irish including the decline of the language the restoration effort the relationship of language to nationality and religion and studies of important figures in the language movement

*New View of the Irish Language* Caoilfhionn Nic Phaidin,2008-04-01 The 1871 census came to the stark conclusion that within relatively few years Irish would cease to exist

Yet over a century later Irish became the twenty third officially recognized language of the European Union in 2007 To believe the census returns of recent years Irish is in a state of rude health But is this true when half a million people claim to speak Irish but seldom actually speak it In the traditional Gaeltacht areas Irish is in peril whilst it flourishes in Gaelscoileanna in urban areas and in cyberspace What do these dramatic shifts mean for the language s future A New View of the Irish Language covers issues such as language and national identity the impact of emigration and immigration music literature and the media the importance of place names teaching and learning Irish attitudes towards Irish and the state of the Gaeltacht and probes beyond the statistics and rhetoric to explore the true situation of Irish in the contemporary world Contributors Ruair hUiginn Pdraig Riagin Liam Mac Mathna Mirn Nic Eoin Liam Muirthile Gearid Tuathaigh John Harris Breandn Delap Conchr Giollagin Seosamh Mac Donnacha Caoilfhionn Nic Phidn Pdraig Laighin Lillis Laoire Anna N Ghallachair Ciarn Mac Murchaidh Brian Conchubhair Aidan Doyle Aidan Punch Suzanne Romaine Dnall Mac Giolla Easpaig and Iarfhlath Watson *A Grammar of the Irish Language* Patrick Weston Joyce,1906
