## **The Homosexual Matrix:**

*The Homosexual Matrix*, 1987 The author explores the entire range of homosexuality using the latest sex research cross cultural studies and his own observations He tackles such myths as the overdominant mother fostering homosexual sons the timid child growing up to be gay and psychotherapy as a cure for homosexuality [The Homosexual Matrix](#) C. A. Tripp, 1975

*The Homosexual Matrix, with a New Preface and Expanded Notes by the Author* C. A. Tripp, 1987 [The Homosexual Network](#) Enrique Rueda, 1982 [The Intimate World of Abraham Lincoln](#) C.A. Tripp, 2005-01-11 In *The Intimate World of Abraham Lincoln* C A Tripp offers a full examination of Lincoln s inner life and relationships that as Dr Jean Baker argues in the Introduction will define the issue for years to come The late C A Tripp a highly regarded sex researcher and colleague of Alfred Kinsey and author of the runaway bestseller *The Homosexual Matrix* devoted the last ten years of his life to an exhaustive study of Abraham Lincoln s writings and of scholarship about Lincoln in search of hidden keys to his character Throughout this riveting work new details are revealed about Lincoln s relations with a number of men Long standing myths are debunked convincingly in particular the myth that Lincoln s one true love was Ann Rutledge who died tragically young Ultimately Tripp argues that Lincoln s unorthodox loves and friendships were tied to his maverick beliefs about religion slavery and even ethics and morals As Tripp argues Lincoln was an invert a man who consistently turned convention on its head who drew his values not from the dominant conventions of society but from within For years a whisper campaign has mounted about Abraham Lincoln focusing on his intimate relationships He was famously awkward around single women He was engaged once before Mary Todd but his fianc e called off the marriage on the grounds that he was lacking in smaller attentions His marriage to Mary was troubled Meanwhile throughout his adult life he enjoyed close relationships with a number of men He shared a bed with Joshua Speed for four years as a young man and as Tripp details here he shared a bed with an army captain while serving in the White House when Mrs Lincoln was away As one Washington socialite commented in her diary What stuff This study reaches far beyond a brief about Lincoln s sexuality it is an attempt to make sense of the whole man as never before It includes an Introduction by Jean Baker biographer of Mary Todd Lincoln and an Afterword containing reactions by two Lincoln scholars and one clinical psychologist and longtime acquaintance of C A Tripp As Michael Chesson explains in one of the Afterword essays Lincoln was different from other men and he knew it More telling virtually every man who knew him at all well long before he rose to prominence recognized it In fact the men who claimed to know him best if honest usually admitted that they did not understand him Perhaps only now when conventions of intimacy are so different so open and so much less rigid than in Lincoln s day can Lincoln be fully understood **The Origins and Role of Same-Sex Relations in Human Societies** James Neill, 2011-10-17 This groundbreaking work draws on a vast range of research into human sexuality to demonstrate that homosexuality is not a phenomenon limited to a small minority of society but is an aspect of a complex sexual harmony that the human race inherited from its animal ancestors Through a

survey of the patterns of sexual expression found among animals and among societies around the world and an examination of the functional role homosexual behavior has played among animal species and human societies alike the author arrives at some provocative conclusions that a homosexual or bisexual phase is a normal part of sexual development that same sex relations play an important balancing role in regulating human reproduction that many societies have institutionalized homosexual traditions in the past and that the harsh condemnation of homosexuality in Western society is a relatively recent phenomenon unique among world societies throughout history This well researched and meticulously documented book is the first that integrates into a coherent picture the startling revelations about human sexuality coming from the recent work of sexual researchers psychologists anthropologists and historians The view that emerges of an ambisexual human species whose complex sexual harmony is being thwarted by the imposition of an artificial understanding of nature represents a new way of thinking about sex
