

# The How And Why American Revolution

**John Richard Alden**

## **The How And Why American Revolution:**

The American Revolution Robert J. Allison, 2011-02-14 Between 1760 and 1800 the people of the United States created a new nation based on the idea that all people have the right to govern themselves This concise book recreates the experiences that led to the Revolution the experience of war and the post war creation of a new political society

**The True History of the American Revolution** Sydney George Fisher, 1902

**The American Revolution** Gordon S. Wood, 2002-03-05 NEW YORK TIMES BESTSELLER An elegant synthesis done by the leading scholar in the field which nicely integrates the work on the American Revolution over the last three decades but never loses contact with the older classic questions that we have been arguing about for over two hundred years Joseph J Ellis author of Founding Brothers A magnificent account of the revolution in arms and consciousness that gave birth to the American republic When Abraham Lincoln sought to define the significance of the United States he naturally looked back to the American Revolution He knew that the Revolution not only had legally created the United States but also had produced all of the great hopes and values of the American people Our noblest ideals and aspirations our commitments to freedom constitutionalism the well being of ordinary people and equality came out of the Revolutionary era Lincoln saw as well that the Revolution had convinced Americans that they were a special people with a special destiny to lead the world toward liberty The Revolution in short gave birth to whatever sense of nationhood and national purpose Americans have had No doubt the story is a dramatic one Thirteen insignificant colonies three thousand miles from the centers of Western civilization fought off British rule to become in fewer than three decades a huge sprawling rambunctious republic of nearly four million citizens But the history of the American Revolution like the history of the nation as a whole ought not to be viewed simply as a story of right and wrong from which moral lessons are to be drawn It is a complicated and at times ironic story that needs to be explained and understood not blindly celebrated or condemned How did this great revolution come about What was its character What were its consequences These are the questions this short history seeks to answer That it succeeds in such a profound and enthralling way is a tribute to Gordon Wood s mastery of his subject and of the historian s craft

**The American Revolution** Edward Countryman, 1985 A newly revised version of a classic in American history When The American Revolution was first published in 1985 it was praised as the first synthesis of the Revolutionary War to use the new social history Edward Countryman offered a balanced view of how the Revolution was made by a variety of groups ordinary farmers as well as lawyers women as well as men blacks as well as whites who transformed the character of American life and culture In this newly revised edition Countryman stresses the painful destruction of British identity and the construction of a new American one He expands his geographical scope of the Revolution to include areas west of the Alleghenies Europe and Africa and he draws fresh links between the politics and culture of the independence period and the creation of a new and dynamic capitalist economy This innovative interpretation of the American Revolution creates an even richer more comprehensive portrait of a critical period in America s history

**The American Revolution, 1775-1783** John Richard Alden, 1962 Discusses major battles campaigns and leaders as well as political economy and cultural conditions in the colonies

**Whirlwind** John Ferling, 2015-05-05 Amid a great collection of scholarship and narrative history on the Revolutionary War and the American struggle for independence there is a gaping hole one that John Ferling's latest book *Whirlwind* will fill Books chronicling the Revolution have largely ranged from multivolume tomes that appeal to scholars and the most serious general readers to microhistories that necessarily gloss over swaths of Independence era history with only cursory treatment Written in Ferling's engaging and narrative driven style that made books like *Independence* and *The Ascent of George Washington* critical and commercial successes *Whirlwind* is a fast paced and scrupulously told one volume history of this epochal time Balancing social and political concerns of the period and perspectives of the average American revolutionary with a careful examination of the war itself Ferling has crafted the ideal book for armchair military history buffs a book about the causes of the American Revolution the war that won it and the meaning of the Revolution overall Combining careful scholarship arresting detail and illustrative storytelling *Whirlwind* is a unique and compelling addition to any collection of books on the American Revolution

**The Real History of the American Revolution** Alan Axelrod, 2009-09 Axelrod explores the fascinating mix of philosophical ideals and economic self interest that ignited America's struggle for independence

*A History of the American Revolution* John R. Alden, 2013-07-10 The history of the American rebellion against England written by one of America's preeminent eighteenth century historians differs from many views of the Revolution It is not colored by excessive worship of the Founding Fathers but instead permeated by sympathy for all those involved in the conflict Alden has taken advantage of recent scholarship that has altered opinions about George III and Lord North But most of all this is a balanced history political military social constitutional of the thirteen colonies from the French and Indian War in 1763 to Washington's inauguration in 1789 Whether dealing with legendary figures like Adams and Jefferson or lesser known aspects of a much picked over subject Alden writes with insights and broad eloquence

*The American Revolution* Harry M. Ward, 1995 The era of the American Revolution was a defining moment in history It bore witness to the transformation of colonists into citizens of a new nation and the setting of goals for a free people by which to guide posterity Original materials for writing the history of the Revolution are abundant and during the past half century historians have expanded the prospects for study of the Revolutionary War era Although much remains to be accomplished new studies have added greatly to our knowledge of the establishment of Independence and the birth of the Republic and new perspectives have been initiated *The American Revolution Nationhood Achieved 1763-1788* draws on the multifaceted contributions of recent historiography as well as older sources and primary sources in presenting a measured overview of the Revolutionary experience It embraces not just the war or ideology or political development but also the people behind the scenes whose lives were affected by the war Professor Ward provides a fresh view of the experience during this period giving the reader an understanding of the events and the decisions that gave meaning to American

character and nationhood     The American Revolution Joaquin Carr,2011 Learn about the causes of the American Revolution its leaders and how brave patriots fought for a chance at liberty     **A Struggle for Power** Theodore Draper,2011-05-04 From one of the great political journalists of our time comes a boldly argued reinterpretation of the central event in our collective past a book that portrays the American Revolution not as a clash of ideologies but as a Machiavellian struggle for power     **The American Revolution** Enzo George,2014-12-15 Examine the causes circumstances and effects of the Revolutionary War through the eyes of the Founding Fathers generals soldiers and common people     The Causes of the American Revolution Dale Anderson,2005-12-15 Explains the reasons behind the American Revolution such as high taxes wars with the Native Americans and the desire for political and religious freedom     **The Ideological Origins of the American Revolution** Bernard Bailyn,1992-03 In this 25th anniversary edition Bailyn has added a substantial essay Fulfillment as a Postscript to the original text In it he discusses the intense nation wide debate on the ratification of the constitution stressing the continuities between that struggle over the foundations of the national government and the original principles of the Revolution This study of the persistence of the nation s ideological origins adds a new dimension to the book and projects its meaning forward into vital present concerns     The Radicalism of the American Revolution Gordon S. Wood,1993-03-02 In a grand and immensely readable synthesis of historical political cultural and economic analysis a prize winning historian describes the events that made the American Revolution Gordon S Wood depicts a revolution that was about much more than a break from England rather it transformed an almost feudal society into a democratic one whose emerging realities sometimes baffled and disappointed its founding fathers     **The Radicalism of the American Revolution** Gordon S. Wood,2011-08-24 In a grand and immensely readable synthesis of historical political cultural and economic analysis a prize winning historian describes the events that made the American Revolution Gordon S Wood depicts a revolution that was about much more than a break from England rather it transformed an almost feudal society into a democratic one whose emerging realities sometimes baffled and disappointed its founding fathers     *The True History of the American Revolution* Sydney George Fisher,1972     *The American Revolution; how Revolutionary was It?* George Athan Billias,1970     Igniting the American Revolution Derek W. Beck,2015-10-06 For those who like their history rich in vivid details Derek Beck has served up a delicious brew in this book This may soon become everyone s favorite Thomas Fleming author of *Liberty The American Revolution* A sweeping provocative new look at the pivotal years leading up to the American Revolution The Revolutionary War did not begin with the Declaration of Independence but several years earlier in 1773 In this gripping history Derek W Beck reveals the full story of the war before American independence from both sides Spanning the years 1773 1775 and drawing on new material from meticulous research and previously unpublished documents letters and diaries *Igniting the American Revolution* sweeps readers from the rumblings that led to the Boston Tea Party to the halls of Parliament where Ben Franklin was almost run out of England for pleading on behalf of the colonies

to that fateful Expedition to Concord which resulted in the shot heard round the world With exquisite detail and keen insight Beck brings revolutionary America to life in all its enthusiastic and fiery patriotic fervor painting a nuanced portrait of the perspectives ambitions people and events on both the British and the American sides that eventually would lead to the convention in Philadelphia on July 4 1776 Captivating provocative and inspiring Igniting the American Revolution is the definitive history of these landmark years in our nation s history whose events irrevocably altered the future not only of the United States and England but the whole world Integrating compelling personalities with grand strategies political maneuverings on both sides of the Atlantic and vividly related incidents Igniting the American Revolution pulls the reader into a world rending the British Empire asunder Samuel A Forman author of the biography Dr Joseph Warren **The American Revolution** William Dudley,1992 Provides opposing viewpoints on issues concerning the American Revolution
