bringing her brother's co-fiancés along for the adventure. First they must retrieve a stolen magic mirror from the evil machine Com Pewter. But when they try to transport themselves to Humphrey's location they find themselves in Mundania in the company of a computer-loving college kid who's looking for love. Grey Murphy is an ordinary guy who hopes a new computer program will find him his perfect match. When he meets Ivy he's sure she's the one despite her claims that she is a princess from a fantasy world called Xanth. When Grey follows Ivy back home his scientific skepticism soon reveals aspects of Xanth that nobody could have imagined and the astonishing truth about the supposedly ordinary Grey.

**Apoca Lips** Piers Anthony, 2023-02-28 No one's safe when a pandemic spreads through the land of Xanth in this madcap adventure from the New York Times bestselling author. What's a single prince to do when confronted with the baton of protagonism? Why become the hero of his own story, of course. And in Xanth that usually means embarking on a quest. For Prince Nolan Naga there's only one thing missing from his life: a wife. He needs a royal match by the time he assumes the throne. But to make sure he lands the right spouse he must consult with the Good Magician. After completing the three challenges necessary to see the Good Magician, Nolan learns that the ideal bride for him does exist. She is Apoca of the Lips Tribe. From the Queendom of Thanx, a matriarchy that is the opposite of Xanth, she is a formidable woman, one whose very kiss can seduce a man into love slavery. But before a happily ever after they'll have to team up to put an end to a curse that's causing every baby in Xanth to be born with the same magical talent, all while navigating through a realm plagued by endless puns. It could be the end of the world as we know it. Praise for Piers Anthony: Piers Anthony is one of those authors who can perform magic with the ordinary. He is a craftsman. *A Reader's Guide to Science Fiction*. Anthony's unflagging sparkle, verve, and wordplay spin everyday trials of Mundane life into storytelling gold. *Publishers Weekly*.

**Ireland's Gramophones** Zan Cammack, 2021-08-10 Because gramophonic technology grew up alongside Ireland's progressively more outspoken and violent struggles for political autonomy and national stability, Irish Modernism inherently links the gramophone to representations of these dramatic cultural upheavals. Many key works of Irish literary modernism, like those by James Joyce, Elizabeth Bowen, and Sean O'Casey, depend upon the gramophone for their ability to record Irish cultural traumas, both symbolically and literally, during one of the country's most fraught developmental eras. In each work, the gramophone testifies of its own complexity as a physical object and its multiform value in the artistic development of textual material. In each work, too, the object seems virtually self-placed, less an aesthetic device than a thing belonging primordially to the text. The machine is also often an agent and counterpart to literary characters. Thus the gramophone points to a deeper connection between object and culture than we perceive if we consider it as only an image enhancement or instrument. This book examines the gramophone as an object that refuses to remain in the background of scenes in which it appears, forcing us to confront its mnemonic heritage during a period of Irish history burdened with political and cultural turbulence.
