The Islamic Tradition:

The Islamic Tradition Victor Danner,1988 *THE ISLAMIC TRADITION* Abd Al-Jabar Danner,2004 *Muhammad and the Islamic Tradition* Émile Dermenghem,1958 It would be a fatal mistake for the West to ignore the dynamic world faith which informs so vast a number of the world's people Our times continue to reveal the lasting impact of the man who rose to pre-eminence as prophet statesman and religious reformer Emile Dermenghem whose years of research in the Middle East have produced half a dozen studies of the Islamic tradition here provides a stirring account of Muhammad the man a sweeping survey of Islam in history and in today's world and translations of the basic Muslim texts This book has been carefully read by a competent Muslim authority *The Islamic Tradition* Abd-al-Jabbar Danner,1991 **The Islamic Tradition** John B. Christopher,1972 *Politics of the Islamic Tradition* Mohammed Moussa,2015-10-05 Over the last two centuries the Muslim world has undergone dramatic transformations impacting the Islamic tradition and throwing into question our understanding of tradition The notion of tradition as an unmoving edifice is contradicted by the very process of its transmission and the complex role human beings play in creating and sustaining traditions is evident in the indigenous mechanisms of change within the Islamic tradition *Politics of the Islamic Tradition* locates the work of Egyptian cleric Muhammad al Ghazali within the context of this dynamic Islamic tradition with special focus on his political thought Al Ghazali inherited a vast and diverse heritage which he managed to reinterpret in a changing world An innovative exploration of the change and continuity present within Muslim discourses this book brings together disparate threads of the Islamic tradition religious exegesis the contemporary Arab Middle East the Islamic state and idea of renewal in al Ghazali's thought As well as being one of the first complete treatments of al Ghazali's works this book provides an original critical approach to tradition and its capability for innovation and change countering the dichotomy between tradition and modernity that typically informs most scholarly studies on contemporary Islam Offering highly original insights into Islamic thought and engaging with critical notions of tradition this book is essential reading for students and scholars of Islamic Politics and History Health and Medicine in the Islamic Tradition Fazlur Rahman,1998 **Muhammad and the Islamic Tradition** Emile Dermenghem,1983-03-01 Recounts the life of Mohammad explains concepts of Islamic culture and history and discusses selections from the Koran **Domestic Violence and the Islamic Tradition** Ayesha S. Chaudhry,2013-12-19 Modern scholars of most major religious traditions who seek gender egalitarian interpretations of their scriptural texts confront a common dilemma how can they produce interpretations that are at once egalitarian and authoritative within traditions that are deeply patriarchal This book examines the challenges and resources that the Islamic tradition offers to Muslim scholars who seek to address this dilemma This is achieved through extensive study of the intellectual history of a Qur'anic verse that has become especially contentious in the modern period Chapter 4 Verse 34 Q 4 34 which can be read to permit the physical disciplining of disobedient wives at the hands of their husbands Though this verse has been used by

historical and contemporary Muslim scholars in multiple ways to justify the right of husbands to physically discipline their wives progressive and reformist Muslim scholars and activists offer alternative and non violent readings of the verse The diverse and divergent interpretations of Q 4 34 showcases the pivotal role of the reader in shaping the meaning and implications of scriptural texts This book investigates the sophisticated and creative interpretive approaches to Q 4 34 tracing the intellectual history of Muslim scholarship on this verse from the ninth century to the present day Ayesha S Chaudhry examines the spirited and diverse and at times contradictory readings of this verse to reveal how Muslims relate to their inherited tradition and the Qur'anic text

Overcoming Tradition And Modernity Robert D. Lee,2018-02-12 Authenticity has begun to rival development as a key to understanding the political aspirations of the Islamic world Almost everywhere modernity has laid waste to tradition those habits and practices deemed to be timeless and true Imperialism carried European notions of progress into Muslim dominated parts of the globe and subsequently Muslims themselves espoused Western practices techniques and philosophies Regimes calling themselves liberal socialist and Arab nationalist all embraced modernity as their principal objective Most of these regimes failed to create the promised better lives their citizens desired Moreover ordinary Muslims felt despair as modernity ripped apart families exposed youngsters to the materialism and hedonism of Western entertainments heightened social expectations and undermined religious belief Even though tradition has proved itself incapable of staving off modernity the promises and premises of modern development literature have been called into question Where is the truth around which Muslims can rally Does modernity require a rejection of tradition Does the embrace of Islamic ideas necessitate turning away from modernity Robert D Lee explores these compelling questions by presenting four contemporary Muslim writers Muhammad Iqbal Sayyid Qutb Ali Shari ati and Mohammed Arkoun all of whom have refused to bow to such a dichotomy of modernity and tradition This study examines their efforts deeply influenced by European thinking to find a truth beyond tradition and modernity an authentic understanding of Islam upon which Muslims can build a future All four thinkers believe such an authentic understanding can serve as the foundation for a new politics Lee argues however that each of these versions of authenticity suffers shortcomings and falters in its efforts to move from the particularity of culture onto a grander scale of political organization appropriate for the modern world
