Krebs,1998 The most comprehensive study of Shifu available this valuable work explores the life and political milieu of a central figure in Republican China Born in 1884 Shifu was brought down in 1915 by overwork poverty and tuberculosis Yet during that short span he became the most influential anarchist of his time Drawing on a wealth of primary source material Krebs provides an intellectual biography of this committed revolutionary and analyzes the importance of Shifu s thought during the New Culture May Fourth years as his followers fought for influence with the Marxists and later over the issue of alliance with the Nationalists Placing Shifu s life within the dynamic intellectual and political currents of the time the author describes Shifu s early work as an assassin within the anti Qing movement Examining the influence on Shifu of Confucianism and Buddhism Krebs highlights reform Buddhism s close relationship with revolutionary activism Most significantly Shifu s unflagging work to propagat anarchism during the early years of the Republic and his interactions with other socialists reveal a hitherto unknown level of activity among socialist revolutionaries This important book thus offers fresh insights not only into the anarchist movement itself but into the broader history of Chinese socialism as well

STEINER,2015-11-18 Whatever turbulent outward events occur in the world whatever form is taken by things seeking to work their way out of the depths of human evolution we only really hearken to the true underlying nature of these events if we observe the world from a spiritual perspective Rudolf Steiner In seeking to heal the many social crises of our time Rudolf Steiner urges us to turn away from fixed principles theories or social dogmas and to rediscover the real nature of the human being This inner reality that cannot be understood in materialistic or deterministic ways is the only basis on which society can truly be founded But it is not sufficient to speak of well meaning ideas he says unless we are also active in working for change change that begins with each of us In 1919 a year marked by strong social and political upheavals Steiner was deeply concerned with questions relating to society Having published a book on the subject Towards Social Renewal he embarked on a major campaign to publicize his threefold social ideas In addition to public lectures however Steiner sought to deepen the subject in a series of talks to members of the Anthroposophical Society These lectures gathered in this volume reveal the

inner or esoteric aspects of the social question They complement Steiner s very practical efforts to realize threefolding in the historical context of his time Whilst Steiner s suggestions for social change may not seem self evident to pragmatic thinking they will strike a resonant chord in many who seek deeper answers to the social problems of our times problems that politicians seem unable to remedy Amidst the many themes tackled here Steiner addresses the issue of nationalism as a retrograde tendency the tasks of Central Europe and Britain in relation to the East the incarnation of Ahriman in the West and the historical incarnation of Lucifer in the third millennium BC *Finnish Folklore Research 1828-1918* Jouko Hautala,1969 *Problems of the Near East* Edward Mead Earle,Florence Billings,1924 *Subject Index of the Modern Works Added to the Library of the British Museum in the Years ...* British Museum,1922 *The "soul".* Frank Knight Chaplin,1928 **Books of 1912-** ,1922 **Subject Index of the Modern Works Added to the British Museum Library** British Museum.
