The Promise Land:

The Promise Land Principle Richard Christenson, 2018-09-21 The book of Exodus provides us with one of the most dramatic adventures of faith found in the Bible During its forty fantastic chapters we read about the enslavement of an entire race a baby set afloat on the Nile River a speaking shrub a shepherd's staff becoming a venomous snake water transformed into blood miraculous frogs gnats flies and locust infestations a death angel a sea selectively parting for the good guys and swallowing up the bad guys a seemingly unlimited supply of flat bread on the ground in the desert every morning birds dropping in for dinner water flowing out of a rock and much much more The stuff God pulls off in Exodus is way better than anything Indiana Jones Iron Man or even a Jedi relying upon the force could possibly accomplish Seriously someone should consider negotiating a film deal with God I really believe the story that unfolds in Exodus would be a blockbuster success Wait has someone already done that movie As fun as it is to read this stupendous story I want to make sure you don't miss the primary reason God inspired this book to be included in the Bible This intriguing inspirational narrative is about faith how God goes about preparing His people to carry out their intended work and warfare with reliance upon His presence power and provision The purpose and possibilities of our partnership with God are the primary teachings conveyed through all the awesome Exodus adventures
